

CertainTeed CERTASPRAY®

Extreme Winter™ Closed Cell Spray Foam Insulation

NEW FROM CERTAINTEED

- Superior spray foam insulation for cold climates
- Engineered to meet the most stringent applicator needs
- For substrate temperatures from 10°F to 25°F
- Product can be applied in 3" lifts (R-19), to reduce the number of passes
- Superior yield
- Low viscosity (400 CPS) to minimize heating time
- Only standard job preparation needed; additional conditioning and substrate primer not required
- Meets ABAA, NFPA 285, AC377 Appendix X and wind uplift requirements

Summary of Benefits — CertaSpray Extreme Winter Closed Cell

Viscosity (25°C)	400 CPS
Application Temperature Range	10°F to 25°F (-12°C to -4°C)
Expected Yield Per Drum Set	up to 4500 board feet
Thickness Per Pass	3 inches
ICC-ES Evaluation Report #ESR-2669	

THE CERTASPRAY ADVANTAGE

- Insulates and seals air leaks in one easy step
- Ideal for complex cavities and hard-to-reach areas
- Outstanding thermal performance
- Helps to improve indoor air quality (seals out allergens, pollutants, etc.)
- Provides moisture management and sound control
