NRMCA REBATE PROGRAM 2017

The NRMCA Rebate Program has been extended for orders retailed through **DECEMBER 31, 2017.**

Kenworth and the National Ready Mixed Concrete Association (NRMCA) have teamed up to provide a rebate to NRMCA members. Members who purchase a new Kenworth (new order or dealer stock unit) will receive a rebate for \$2,000 (USD) from Kenworth.

Eligible models include Kenworth T880, W900 and T440/T470. A customer will negotiate their best deal at the dealership of their choice and send copies of the paperwork to NRMCA's membership department (follow link below).

Upon confirmation of the active membership from NRMCA, Kenworth Truck Company will send the \$2,000 rebate directly to the customer.

For more info regarding this promotion and to learn more about NRMCA visit **NRMCA.ORG**

TERMS AND CONDITIONS:

1. \$2,000 Rebate on qualifying units.
2. Orders must retail between 1/1/2017 and 12/31/2017.
3. Limit for single customer will be 5 trucks per calendar year.
4. This rebate cannot be combined with any other Kenworth rebate or incentive offer.
5. The customer must identify affiliation to the Kenworth dealer at the time of truck purchase.
6. Fleet accounts typically priced outside the Kenworth CARS system do not qualify.
7. Trucks must be a T880, W900 or T440/T470.
8. Rebates will be mailed directly to the name on the Warranty Registration.
9. NRMCA must confirm membership.
10. The registered owner of the truck must have become an NRMCA member prior to vehicle retail date.
11. Paperwork must be submitted to NRMCA within 30 days of retail delivery. All requests must be submitted by January 31, 2017.
12. Rebates will be processed 4-6 weeks after membership confirmation.

Please include NRMCA membership number on the communication.

Submit copies of the warranty and the bill of sale either by email to:

Hit PayDirt When Your Customers Switch To An Allison

Now until March 31, 2018, conquest customers can save big when purchasing new vehicles equipped with an Allison fully automatic RDS transmission. During this promotion, dealer representatives can hit PayDirt for each new vehicle purchased by pre-approved conquest customers.

Conquest Incentives

All conquest construction customers must be pre-approved by the Allison representative to be eligible for program incentives. Approved units are eligible for the following construction conquest incentives:

3000 RDS/3500 RDS

- \$750 Customer Incentive
- \$150 Dealer Incentive

4000 RDS/4500 RDS

- \$1300 Customer Incentive
- \$200 Dealer Incentive

4700 RDS

- \$1850 Customer Incentive
- \$200 Dealer Incentive

After customer approval by the Allison representative, a commitment letter will be provided. The signed commitment letter must be returned to Allison Marketing on or before March 31, 2018 and the transmission S/N and VIN must be received by Allison Marketing on or before July 31, 2018, otherwise the incentive is considered ineligible. Payments will be processed upon receipt of all required documents.

Program Requirements:

Vehicles must be ordered within the eligibility period (September 1, 2017 – March 31, 2018). Proof of order date may be requested for verification. Eligibility is confined to the United States and Canada. Offer cannot be combined with any other Allison incentive. The rebate cannot be applied to existing truck orders. This is a limited time offer and not a guarantee for future incentives. Individual customers will be limited to 10 transmissions during the program unless pre-approved by their Allison representative. CNG applications will only be considered for this rebate in conjunction with 4000/4500/4700 RDS models (3000/3500 RDS CNG applications are not eligible).

A Conquest Customer:

- Has never purchased an Allison transmission and currently purchases competitive transmissions.
- Has never purchased an Allison product in select segments of their fleet.
- Upon approval by the Allison representative, customers who previously purchased Allison but have purchased competitive transmissions for 12 months or longer will be considered for program eligibility at a reduced incentive amount.
