Chair Smith stated that written comments had been reviewed and distributed to the Board.

Chair Smith then formally opened the public hearing at 5:40 p.m. Twenty-three members of the community spoke, on the topics of transportation, sustainability, social services, housing, historic preservation, architecture, economic growth, and other topics.

Nancy Slocum, Rochester resident, noted the effect of TIF financing and asked the Board to be mindful of the tax dollars that will not be going to other things as a result of awarding TIF financing to developments.

 - A. April 1 Report to DEED: Chair Smith noted that the final April 1 Report to DEED was in Board members' packets.
 - B. IRS Determination of Tax Exempt Status: Chair Smith announced that the DMCC has been notified that it has been granted tax-exempt status. Chair Smith thanked Dale Martinson and Commissioner Jim Bier for their work on getting this approved.
 - C. Chair Smith discussed the comments made at the public hearing, and highlighted the important themes that came out of that hearing. The public has raised issues in six areas: (1) the impact of the DMC on the larger community, particularly around social services and the impact on the overall health of the community; (2) energy and sustainability; (3) WMBE and inclusion; (4) transportation and transit;

(5) historic preservation; and (6) affordable housing. She noted that the DMCC can help lead the way on some of these issues; and that while the DMCC's role is economic development, there is an impact on the broader community.

Chair Smith asked the Board to consider the next steps in this process. The Board discussed various ideas on the themes Chair Smith presented as issues of public concern.

- B. Revised 2015 EDA Budget and Work Plan. Jeff Bolton stated that the EDA is refining the work plan for 2015 and early 2016 and requested approval of the revised 2015 EDA budget and workplan. Mr. Bolton commented that the EDA is focusing on hiring staff, and that five positions have been approved, a change from the original plan of eleven staff, with the goal of achieving the most efficient operational structure. Mr. Bolton announced that Lisa Clarke will become the EDA's permanent Executive Director, and that three positions are posted now: Finance Manager, Economic Development / Operations Director and Executive Assistant. In the fall, an additional position for Community Relations will be posted. He further stated that the approved 2015 budget of \$2.85 million dollars

will have an additional \$585,000 dollar contribution from the Mayo Clinic; the EDA is moving forward to establish an office to be located in the Rosa Parks Building, provided by the Mayo Clinic; and Mayo Clinic is moving forward with the feasibility study for Discovery Square, engaging Hammes Company for this study.

Chair Smith asked for discussion. Mayor Brede inquired whether the six areas of public comment could be cross-referenced in the Development Plan. Mr. Rybak stated that there should be more focus on the priorities of Heart of the City, Discovery Square and transportation. Mr. Hruska stated that he had requested the Hammes Company contract but had not received it yet, so would abstain on the motion. He asked for a list of deliverables and clear set of outcomes.
