

## **Domaille Engineering LLC announces new Business Development Manager**

Rochester, MN, August 1, 2013– Dean Krueger has joined the Domaille Engineering team as the Business Development Manager of the Rochester, MN plant. Prior to taking on this role, Mr. Krueger served as Business Development Manager for SMC Ltd in Somerset, WI where he managed new business capture and technology development efforts for key customer accounts in medical devices and pharmaceutical industries.

Mr. Krueger has held numerous positions throughout his 25 year career in manufacturing. He has a broad breadth of experience, ranging from operations management to business development, across multiple markets including Medical Device, Defense, and Aerospace.

As the Business Development Manager, Krueger's primary responsibility will be the direction and management of Domaille Engineering's medical market sales. Throughout his career he has demonstrated success in consistently growing revenues and margins, building strong customer relationships, and solidifying market share.

"Dean has an excellent record in the medical market and brings strong experience to Domaille Engineering. He will be a huge asset in further strengthening Domaille's leadership team," states Donald Hickerson, Domaille VP of Business Development. Drawing upon his successful career experiences, Krueger is not only well positioned for his role at Domaille, he is excited to jump right in. "I look forward to being part of the extraordinary Domaille team and continue the focus on company growth," said Krueger.
