EZ-ELD
Keep it simple

With the new ELD legislation affecting over 3 million drivers on the road today and the 2017 deadline approaching, it's time to get ready for the new rules and regulations.

The Stoneridge EZ-ELD gives you control of your compliance obligations, so you can get on with running your business.

EZ-ELD is a simple and reliable solution that contains the FMCSA requirements.

Quick and simple installation

- Stress-free and secure
- Hours of Service compliance for Fleets and Drivers
- From a company with more than 60 years' experience with Commercial Vehicle Fleets

Benefits

- Interchangeable – the only ELD solution with interchangeable connectors for truck compatibility
- Simple to use – from plug and play installation to unique “Scan and Drive” truck pairing
- Compatible – apps for both iOS and Android phones
- Great value – one-off hardware cost, low-cost service contract
- Safe and secure – the highest level of security for your data
- Hassle free – we take the stress out of the new legislation.
- Works in all trucks in scope of legislation (trucks manufactured since 2000).
- Useful – contains the FMCSA regulations
- Tough – a strong, resilient design
- Experienced – From a company producing automotive compliance systems for more than 60 years

EZ-ELD can be transferred between any driver or vehicle in your fleet with a 9-pin, 6-pin or OBDII OBD port.
