This summer, our middle school day camp group (Leaders in Training), are working on becoming servant leaders to our community.

Servant leadership means: we are doing lots of projects to help better Rochester!

What we have done

So far we have done a few trash pick-up walks through town, gone to Riverbend Senior Living to help with an activity and bagged up bread for a donation to the Dorothy Day House.

Our goal is to help more

Now we need your help for one of our next projects!

On August 1st we will be headed to the Ronald McDonald house to help them with some cleaning and we would love to bring along some donations for them. They accept donations of fleece blankets and breakfast bags.

Thank you for all of your help!
