GAS REBATE CALCULATION:

[Existing/Base Exhaust Volume (CFM) - New Exhaust Volume (CFM)] / 1000 x \$300 = \$_____ Rebate

- * Find qualifying ENERGY STAR products at www.energystar.gov.
- **For non-ENERGY STAR products refer to the Qualifying Equipment Tables available on our website.
- Alf installing more than one vent hood controller, enter the total horsepower (HP) of the respective motors.
- ^^Annual Run Hours = Run Hours Per Day X Days of Operation Per Year

16. TERMS AND CONDITIONS

1. ELIGIBILITY

Electric Rebates are available to customers of Austin Utilities, Owatonna Public Utilities, and Rochester Public Utilities. Gas Rebates are available to customers of Austin Utilities and Owatonna Public Utilities (herein referred to as The Utility). All products must be in use in facilities in The Utility service territory.

APPLICATION

Program is offered January 1 through December 31 of the respective calendar year. Due to limited funding, this rebate offer can be changed or withdrawn at any time without notice and is available on a first-come, first-serve basis. The entire rebate application must be read and filled out completely or application will be returned.

INSPECTION AND VERIFICATION

The Utility reserves the right to inspect the customer's facility through on-site visits before and after new equipment installation to verify rebate eligibility.

INSTALLATION AND REBATE AMOUNTS

Qualifying energy-efficient equipment installed and operational within six (6) months of the date of purchase are eligible for rebate. Additional time may be granted subject to the Utility's pre-approval. In no case will the rebate paid by The Utility exceed the purchase price of the equipment. The maximum rebate amount is \$100,000 per customer location per technology per year.

INVOICE AND PAYMENT

Following inspection and verification (see #3) and completed installation, the customer must notify The Utility and submit original invoices specifying the quantity and price of all materials purchased, the date ordered, installation costs, and applicable taxes. Additionally, if the new equipment is not listed on the Qualifying Equipment Tables but meets the efficiency requirements for that equipment, sufficient data must be provided to prove that it qualifies. After satisfactory review of the application and invoices, a rebate check or bill credit will be issued to the customer. Vendors or contractors are not eligible to receive their customer's rebate. Please allow 6-10 weeks from the date of application submission for delivery of rebate check or bill credit. The Utility reserves the right to apply the rebate to past due accounts.

EQUIPMENT ELIGIBILITY REQUIREMENTS

All equipment must be new. Used or rebuilt equipment is not eligible for a rebate. Eligible high-efficiency commercial food service equipment must meet or exceed the Utility's minimum efficiency requirements shown in the Qualifying Equipment Tables. Rebate requests for Ventilation Hood Controllers must include a copy of the savings analysis from the manufacturer or contractor.

TAX INFORMATION

The Utility will not be responsible for any tax liability imposed as a result of the rebate payment(s). Customers are advised to consult their tax advisors for details.

DISCLAIMER

The Utility does not guarantee that the implementation of energy-efficient measures or use of the equipment purchased or installed pursuant to this program will result in energy or cost savings. The Utility makes no warranties, expressed or implied, with respect to any equipment purchased or installed including, but not limited to, any warrant of merchantability or fitness for purpose. In no event shall The Utility be liable for any incidental or consequential damages. Customers are solely responsible for the proper disposal of existing equipment. Consult the Minnesota Pollution Control Agency (MPCA) office for details at 800.657.3864.

ENDORSEMENT

The Utility does not endorse any particular vendor, manufacturer, product, or system in promoting this rebate program. Listing a vendor or product does not constitute an endorsement, nor does it imply that unlisted vendors or products are deficient or defective in any way.

10. PRIVACY

Information contained in this rebate application may be shared with the Minnesota Department of Commerce and our co-op partners and also may be used in our advertising efforts with your permission as granted in Section 2 of this rebate application.
