

Educational Workshop

July 3–4, 2020 | Bogota, Colombia | Hilton Bogota Corferias

PROGRAM CO-CHAIRS:

Jesús San Miguel, MD
University of Navarra, Spain

Vania Hungria, MD
Santa Casa Medical School,
Brazil

PROGRAM COMMITTEE:

María-Victoria Mateos, MD
University of Salamanca, Spain

Joan Bladé, MD
Hospital Clinic de Barcelona,
Spain

Angelo Maiolino, MD
Federal University of Rio de
Janeiro, Brazil

Virginia Abelló, MD
Hospital San Jose and Clinica del
Country, Colombia

Natalia Schutz, MD
Hospital Italiano de Buenos
Aires, Argentina

Join us for an educational workshop on the diagnosis, treatment and monitoring of plasma cell malignancies, including current practices and opportunities for improvement.

The workshop will include lectures plus roundtable discussions around the most hot and controversial topics, featuring point-counterpoint conversations between invited speakers and local hematologists based on both challenging questions and clinical cases.

Numerous networking opportunities will also be available in order to establish potential collaborations among speakers and participants.

FEATURED SPEAKERS:

FRIDAY 08:30-09:15

Keynote Lecture: Past, Present and Future of Multiple Myeloma: Where are we going?

Jesús San Miguel, MD

SATURDAY 12:30-13:00

Cell Therapies (CAR-T cells) in myeloma

Jesús Berdeja, MD

In collaboration with the Asociación Colombiana de Hematología y Oncología

BOGOTA PRELIMINARY PROGRAM

Friday, July 3, 2020

08:30-09:15 **Welcome and Keynote Lecture**
Past, Present and Future of Multiple Myeloma: Where are we going?
Jesús San Miguel, MD

SESSION 1: BIOLOGY

(Moderators: Jesús San Miguel, MD and Rafael Fonseca, MD)

09:15-09:45 **Evolving role of molecular diagnostics in Myeloma**
Rafael Fonseca, MD

09:45-10:15 **Myeloma microenvironment: From Bench to Bedside**
Ivan Borello, MD

10:15-10:45 **MG of clinical significance**
Joan Bladé, MD

10:45-11:15 **Coffee Break**

SESSION 2: DIAGNOSTICS AND RESPONSE CRITERIA

(Moderators: Joan Bladé, MD and Rafael Fonseca, MD)

11:15-11:45 **Diagnostic and follow-up criteria**
Dorotea Fantl, MD

11:45-12:00 **What are the optimal Imaging Techniques in MM, MRI, CT-scan and PET?**
Natalia Schultz, MD

12:00-12:30 **Minimal residual Disease. How and when to do it?**
Bruno Paiva, MD

12:30-13:30 **Roundtable: How to do a correct diagnosis and follow-up: Controversial cases presented local physicians with emphasis on local practice**
Case Presenters: Dorotea Fantl and Angelo Maiolino
Discussants: Angelo Maiolino, Ivan Borello, Bruno Paiva, Guillermo Conte, Dorotea Fantl, Natalia Schultz

13:30-14:30 **Lunch**

SESSION 3: SMOLDERING MYELOMA & FRONTLINE THERAPY – ASCT ELIGIBLE

(Moderators: Ruben Niesvizky, MD and Guillermo Ruíz-Argüelles, MD)

14:30-15:00 **Smoldering Myeloma: How to predict outcome & “To treat or not to treat”**
María Victoria Mateos, MD

15:00-15:30 **The best induction and risk adapting initial therapy and role of Transplantation in myeloma**
Sergio Giralt, MD

15:30-16:00 **When and for how long should we use consolidation & maintenance?**
Jesús Berdeja, MD

16:00-17:00 **Roundtable: Optimizing the newly diagnosed myeloma (SMM & Transplant candidates) in myeloma: Controversial cases presented by local physicians with emphasis on local practice**
Case Presenters: Guillermo Quintero: SMM and Guillermo Ruiz-Argüelles: ASCT
Discussants: Guillermo Ruíz-Argüelles, Vania Hungria, Guillermo Quintero, Sergio Giralt, Maria Victoria Mateos, Jesús Berdeja, Timoleon Anguita

17:00-17:30 **Coffee Break**

BOGOTA PRELIMINARY PROGRAM CONTINUED

SESSION 4: FRONTLINE THERAPY – NON ASCT ELIGIBLE

(Moderators: María Victoria Mateos, MD and Sergio Giral, MD)

17:30-18:00 **How I treat newly diagnosed elderly patients?**

Ruben Niesvizky, MD

18:00-19:00 **Roundtable: Two Controversial cases presented by local physicians with emphasis on local practice**

Case Presenters: Eloisa Riva and Roberto Pessoa

Discussants: Roberto Pessoa, Eloisa Riva, Humberto Martinez, Sergio Giral, Ruben Niesvizky

Saturday, July 4, 2020

SESSION 5: HOW TO MAKE THE RIGHT CHOICES IN THE RELAPSED PATIENT?

(Moderators: Jesús San Miguel, MD and Jesús Bardeja, MD)

08:00-08:30 **What is the optimal sequencing for the management of RRMM patients?**

Vania Hungria, MD

08:30-09:00 **New drugs for MM patients**

Enrique Ocio, MD

09:00-09:30 **Difficult to treat myeloma: extramedullary, PCL, RI**

Edvan Crusoe, MD

09:30-10:00 **Treatment of Disease complications**

Paula Rodriguez, MD

10:00-11:00 **Roundtable: Controversial cases presented local physicians with emphasis on local practice**

Case Presenters: Amado Kardus and Virginia Abelló

Discussants: Vania Hungria, Edvan Crusoe, Amado Kardus, Enrique Ocio, Ruben Niesvizky, Carlos Ramirez, Virginia Abello

11:00-11:30 **Coffee Break**

SESSION 6: HOW DO I TREAT OTHER PLASMA CELL NEOPLASMS?

(Moderators: Guillermo Quintero, MD and Dorotea Fantl, MD)

11:30 – 12:00 **Waldenström Macroglobulinemia**

Jorge Castillo, MD

12:00 – 12.30 **Amyloidosis: “Under-diagnosed disorder”**

Joan Bladé, MD

SPECIAL LECTURE

(Moderator: Vania Hungria, MD)

12:30-13:00 **Cell Therapies (CAR-T cells) in myeloma**

Jesús Bardeja, MD

13:00 **Closing Remarks**

Jesús San Miguel, MD

13:10 **Lunch**
