

**INTERNATIONAL MYELOMA SOCIETY
EDUCATIONAL WORKSHOP**

October 27-28, 2017

Gaylord National Hotel – Washington, D.C. Metro Area

The International Myeloma Society (IMS) is a professional, scientific and medical society established to bring together clinical and experimental scientists involved in the study of myeloma. The IMS accomplishes its mission by providing educational forums in the form of conferences, symposia, and workshops conducted around the globe.

The goal for the Educational Workshop is to share with local hematologists the **state of the art on diagnosis, monitoring and treatment** of Plasma Cell malignancies paying special attention to the *current practice in the local countries* and the opportunities for improvement. Our purpose is also to offer the opportunity for **social interaction** in order to establish potential *collaborations* with the invited speakers including the possibility of visiting the institutions or establishing fellowship programs.

The program will include **lectures plus roundtable discussions around the most hot and controversial topics**. The format of the roundtable will include the *counterpoint opinion* of the invited speakers with the local hematologists based on both challenging questions and clinical cases.

Program Chairs:

Noopur Raje, MD

Director, Center for Multiple Myeloma
Massachusetts General Hospital Cancer Center
Boston, Massachusetts
Professor of Medicine, Harvard Medical School

Robert Orlowski, MD, PhD

Chairman, Ad Interim, Director of Myeloma and
Professor of Medicine
Departments of Lymphoma/Myeloma
MD Anderson Cancer Center, Houston, Texas

Shaji Kumar, MD

Professor of Medicine
Mayo Clinic, Rochester, MN

Program Committee:

Ashraf Badros

University of Maryland Medical Center

David Vesole

Georgetown University

Washington, DC

PRELIMINARY PROGRAM

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Mayo Clinic College of Medicine and Science and the International Myeloma Society. Mayo Clinic College of Medicine and Science is accredited by the ACCME to provide continuing medical education for physicians.

The Mayo Clinic College of Medicine and Science designates this live activity for a maximum of 11.5 AMA PRA Category 1 Credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Friday, October 27, 2017

08:15-08:30 **Welcome and introduction**

08:30-9:00 **Multiple Myeloma: The past, present and future**
Robert A Kyle

9:00-9:30 **Genomics to predict disease outcomes: are we there yet?**
Herve Avet-Loiseau

9:30-10:00 **What are the optimal Imaging Techniques in MM, MRI, CT-scan and PET?**
Noopur Raje

10:00-10:30 **Coffee**

10:30-11:00 **Implementing the new diagnostic criteria in daily practice and appropriate tests for follow up and treatment decisions**
Ajai Chari

11:00-11:30 **Minimal residual Disease. How and when to do it?**
Nikhil Munshi

11:30-12:00 **Roundtable: How to do a correct diagnosis and follow-up: Controversial cases with emphasis on local practice**
Moderator: Nikhil Munshi
Discussants: Hervé Avet-Loiseau, Noopur Raje, Ajai Chari, Ashraf Badros, Sundar Jagannath

12:00-13:00 **Lunch**

Friday, October 27, 2017 – Continued

13:00-13:30 **Management of Renal Disease in monoclonal gammopathies**
Nelson Leung

13:30-15:30 **How I treat newly diagnosed transplant eligible MM patients?** (*20 minutes for each talk and four cases 10 minutes each*)

The best induction and risk adapted approaches for initial therapy in myeloma
Robert Orłowski

Role of autologous stem cell transplant
Sundar Jagannath

When should we use consolidation and maintenance?
Ravi Vij

Allogeneic stem cell transplant in myeloma: is there still a role?
David Vesole

**Roundtable: Optimizing the use of stem cell transplant in myeloma
Controversial cases presented by local physicians with emphasis on local practice**
Moderator: Sundar Jagannath
Discussants: Robert Orłowski, Sundar Jagannath, David Vesole, Noopur Rajee

15:30-16:00 **Coffee**

16:00-16:30 **MGUS & Smoldering Myeloma. How to predict outcome & “To treat or not to treat”**
Ashraf Badros

16:30-17:00 **Treatment of Disease Complications**
Luciano Costa

Saturday, October 28, 2017

8:00-8:30 **Future targets and therapy in myeloma?**

Kenneth Anderson

8:30-10:00 **How I treat newly diagnosed elderly patients?** (*20 minutes for each talk and three cases 10 minutes each*)

Induction and maintenance therapy in Elderly

Shaji Kumar

How do we utilize Frailty score in elderly?

Natalie Callander

Roundtable: Controversial elderly cases with emphasis on US practice

Moderator: Shaji Kumar

Discussants: Sagar Lonial, Nikhil Munshi, Natalie Callander

10:00-10:30 **Coffee Break**

10:30–11:30 **How do I treat?**

Waldenström Macroglobulinemia

Steve Treon

Amyloidosis: “Under-diagnosed disorder”

Shayna Sarosiek

11:30-13:30 **How to make the right choices in the relapsed patient?**

How do we manage 1st relapse

Sagar Lonial

Approaches for refractory myeloma

Jacob Laubach

Roundtable: Controversial cases with emphasis on US practice

Moderator: Sagar Lonial

Discussants: Sundar Jagannath; Robert Orłowski, Jacob Laubach

13:30 **Lunch**
