Centre, Canada

Saad Z. Usmani, MD
Atrium Health, United States

PRACTICAL APPROACHES TO MANAGEMENT OF MULTIPLE MYELOMA

Friday November 6, 2020 (EST)

2:00 – 2:10

Opening Remarks

Nikhil Munshi

2:10 – 2:40

Special Lecture: State of the Art for Multiple Myeloma today

Jesus San Miguel

SESSION 1: DIAGNOSIS AND MONITORING OF MYELOMA PATIENTS

2:40 – 2:55

Diagnostic testing for Multiple Myeloma, and follow-up

Vincent Rajkumar

2:55 – 3:10

Update and Recommendations on Imaging Techniques in Myeloma

Jens Hillengass

3:10 – 3:25

Role of MRD in multiple myeloma

Nikhil Munshi

3:25 – 3:40

Infections and Vaccination during COVID-19 pandemic

Phillip McCarthy

3:40 – 5:10

Live Panel Discussion: Diagnosis and follow up of patients

Chair: Tom Martin

*Case Presenters: August Dietrich, Swetha Kambhampati,
Andrew Yee*

Discussants: all session speakers

PRACTICAL APPROACHES TO MANAGEMENT OF MULTIPLE MYELOMA **CONTINUED**

SESSION 2: SMOLDERING AND NEWLY DIAGNOSED MM

- 5:10 – 5:25 **Our current approach to Smoldering Myeloma**
Shaji Kumar
- 5:25 – 5:40 **Management of Newly Diagnosed MM transplant eligible**
Paul Richardson
- 5:40 – 5:55 **Management of Newly Diagnosed MM non-transplant eligible**
Thierry Facon
- 5:55 – 6:10 **Role of consolidation and maintenance in MM**
Sagar Lonial
- 6:10 – 7:40 **Live Panel Discussion: How to manage SMM and NDMM***
Chair: Suzanne Trudel
Case Presenters: Shelbi Atrash, Hira Mian, Clifton Mo, Betsy O'Donnell
Discussants: all session speakers

**defer/immediate ASCT during a pandemic will be covered during case presentation*

Saturday November 7, 2020 (EST)

- 11:00 – 11:30 **Special Lecture: The Future of Multiple Myeloma**
Ken Anderson

SESSION 3: CHOICE AND DURATION OF TREATMENT FOR RELAPSING/REFRACTORY MM PATIENTS

- 11:30 – 11:45 **Optimal sequencing for RRMM patients in their 1st and 2nd relapse**
Phillipe Moreau
- 11:45 – 12:00 **Relapsed refractory MM in 3rd line and beyond**
Bob Orłowski
- 12:00 – 12:15 **Novel drugs in MM including non-cell based immune therapies**
Sundar Jagannath
- 12:15 – 12:30 **Cell Therapies in MM**
Noopur Raje

- 
- 12:30 – 12:45 **Management of treatment related toxicities and myeloma related complications with a focus on COVID 19**
Suzanne Lentzsch
- 12:45 – 2:15 **Live Panel Discussion: How to manage RRMM patients**
Chair: Saad Usmani
Case Presenters: Omar Nadeem, Krina Patel, Adam Sperling
Discussants: all session speakers
-

SESSION 4: UPDATES ON OTHER DYSPROTEINEMIAS

- 2:15 – 2:30 **Advances in Amyloidosis**
Vaishali Sanchowala
- 2:30 – 2:45 **New insights into Waldenstroms**
Steve Treon
- 2:45 – 3:00 **POEMS**
Evangelos Terpos
- 3:00 – 3:15 **MGRS**
Nelson Leung
- 3:15 – 4:45 **Live Panel Discussion: How to treat dysproteinemias**
Chairs: Tom Martin, Suzanne Trudel, Saad Usmani
Case Presenters: Andrew Branagan, Barry Paul, Sandy Wong
Discussants: all session speakers
- 4:45 – 5:30 **Special Session for Fellows: Why a career in multiple myeloma?**
- 5:30-5:35 **Closing Remarks**
