Domaille Family of Companies Completes Acquisition of Stanley Engineering

Rochester, MN, February 8, 2019 – Domaille Engineering LLC, an Onward Capital and Thompson Street Capital Partners portfolio company, has acquired Stanley Engineering Company. Stanley Engineering is a leading provider of complex multi-axis components and sub-assemblies for the Aerospace, Defense, Homeland Security and Telecommunication markets.

“We are thrilled to have Stanley Engineering join the Domaille family. The resulting combination of talent and resources allows us to better serve our customers by offering a broader solution set.” said Tim Kanne, President/CEO of Domaille Engineering.

The transition of ownership will be seamless for our customers as the current Stanley team will continue to operate from existing facility. Our combined management team will maintain the focus on world class customer service and creative engineering solutions that our customers have appreciated for over 25 years.

“Onward Capital is extremely pleased to add Stanley Engineering to the Domaille portfolio and we look forward to supporting the growth of the combined businesses.” said Marcus George, Partner at Onward Capital.

About Domaille Family of Companies

The Domaille Family of Companies is an integrated group of manufacturing firms focused on superb customer service in the Aerospace, Defense and Telecommunication markets. These firms include Stanley Engineering, Tech Manufacturing, and Domaille Engineering.

About Stanley Engineering (StanleyEng.com)

Stanley Engineering provides a wide variety of the most difficult machining solutions leveraging multi-axis milling and turning from prototyping through production launch phases in support of Aerospace, Defense, Homeland Security, and Telecommunications markets.

About Tech Manufacturing (TechManufacturing.com)

Tech Manufacturing LLC is an aerospace manufacturing company specializing in highly complex, 5- axis structural components both in hard metal and aluminum. Tech Manufacturing has been recognized by Modern Machine Shop with the “Top Shop Award”.

About Domaille Engineering (DomailleEngineering.com)

Domaille Engineering LLC is an innovative contract manufacturing services company for the Aerospace, Defense, and Telecommunications industries and a leading OEM of Fiber Optic Equipment. Domaille Engineering is a three time winner of the prestigious U.S. Chamber of Commerce blue ribbon DREAM BIG small business award.
