

INTERNATIONAL SOCIETY OF AMYLOIDOSIS

Dear ISA members,

The Tarragona ISA meeting is soon approaching. Among other things, this means we need to start thinking about two important things:

1) the next officers of the International Society of Amyloidosis

and

2) the location for the 2024 meeting. As you may or may not recall, 2022 will be in Heidelberg, Germany.

Please send your nominations or recommendation for the following positions to Stefan Schönland (Stefan.schoenland@med.uni-heidelberg.de):

1. President
2. Vice-President, who is also the President-Elect
3. Secretary
4. Treasurer
5. Council members (3 *in total*)

Remember, you do need to be a member to nominate and to be nominated, so **renew your membership now!**

We hope to see you all in Tarragona.

Best regards,

Yukio Ando

President of the International Society of Amyloidosis
