

ROCHESTER PUBLIC UTILITIES
BOARD POLICY STATEMENT

POLICY SUBJECT: Delegation of Authority/Relationship with Management

POLICY OBJECTNE:

The Board intends to clearly state its role as distinguished from that of the General Manager and the management staff. This distinction will be made by setting forth the authorities and accountabilities, which the Board has specifically delegated, to the General Manager. The Board will also describe the type of Board-Management working relationship which best serves the long-term interests of RPU and its ratepayers.

POLICY STATEMENT:

The Board's principal role is to provide policy direction, not to manage the RPU organization. The General Manager's principal role is to see that the Board's policies are implemented and to report on the results of that policy.

The Board and the General Manager must work together as a team to fulfill their obligation to "control, manage, and operate" the utility systems of the City which are assigned to them by the Common Council. The Board members bring to this team their general knowledge of business operations and public policy and a commitment to act as responsible trustees on behalf of their citizen ratepayers. The General Manager and management bring to this team the professional and technical expertise needed to competently manage a complex business organization and to keep the Board informed of its performance.

The Board delegates to the General Manager the authority to act on its behalf in the management, operation, maintenance, improvement and expansion of the City utility systems and properties which the Board controls. The General Manager's delegated authority extends to the limitations prescribed by law or set forth in this and any other policies which the Board has adopted or may adopt in the future. The General Manager's authority includes, but is not limited to, the following functions:

1. Direction of all management activities and work of the RPU staff. Delegation of appropriate responsibility with commensurate authority to the Division Directors and authorization for further delegations to any level of management. It is clearly understood that the General Manager is solely accountable to the Board, to the extent of his delegated authority, regardless of any authority, which he may delegate to others.

 - b. Interpretation of same to employees, customers, and other interested parties.

At this time, the General Manager is authorized to approve only those purchases which involve the expenditure of \$175,000 or less for procurement of budgeted goods and services and those permits and licenses which are required in connection with the construction, operation, or maintenance of RPU property.
 - c. Execution of all purchases and contracts in accordance with the budget and prevailing law, including requirements for public bidding processes.

policy and established wage and salary administration plans, and within budget limitations.

- 13. Development and establishment of the organization structure necessary to carry out the Board's objectives and programs. The General Manager is authorized to create or eliminate positions, subject to the provisions of labor agreements and approved salary administration programs, but is not authorized to exceed the overall head count limit of permanent employees as established by the Board.
