MEETING MINUTES - SEPTEMBER 24, 2019

BOARD ROOM 4000 EAST RIVER ROAD NE ROCHESTER, MN 55906

4:00 PM

Call to Order

Attendee Name	Title	Status	Arrived
Brett Gorden	Board Member	Present	
Tim Haskin	Board Member	Present	
Melissa Graner Johnson	Board Vice President	Present	
Brian Morgan	Board President	Absent	
Michael Wojcik	Board Member	Present	

1. Approval of Agenda

President Morgan was absent for the meeting, therefore Vice President Johnson assumed the role of Board President for the meeting. Vice President Johnson moved to approve the agenda as presented by consensus. Motion passed.

2. Safety Moment

Vice President Johnson shared some fall safety tips. She asked for drivers to watch out for school buses and to adhere to the hands-free cell phone state law, advised home owners to ensure furnaces, smoke alarms and carbon monoxide alarms are in working order, to check for overhead power lines when cleaning leaves out of gutters, and be aware of underground utilities when doing fall transplanting from the garden. Also since it gets dark earlier, it's a good idea to lighten paths for security or use motion sensors.

3. Approval of Minutes

- 1. Public Utility Board Regular Meeting Aug 27, 2019 4:00 PM
- 2. Public Utility Board Special Meeting Sep 3, 2019 4:00 PM
- 3. **Motion to:** approve the Minutes of August 27, 2019 and September 3, 2019 as presented

RESULT: APPROVED [UNANIMOUS]
MOVER: Michael Wojcik, Board Member
SECONDER: Tim Haskin, Board Member

AYES: Brett Gorden, Tim Haskin, Melissa Graner Johnson, Michael Wojcik

ABSENT: Brian Morgan

4. Approval of Accounts Payable

- AP Board Listing
- 2. **Motion to:** approve the a/p board listing as presented

Board Member Brett Gorden recused himself from voting on line item number 396, a reimbursement to himself for Board travel, and line item number 63, a rebate payment to his employer.

Regular Meeting Tuesday, September 24, 2019 4:00 PM

RESULT: APPROVED [UNANIMOUS]
MOVER: Michael Wojcik, Board Member
SECONDER: Tim Haskin, Board Member

AYES: Brett Gorden, Tim Haskin, Melissa Graner Johnson, Michael Wojcik

ABSENT: Brian Morgan

NEW BUSINESS

Open Comment Period

(This agenda section is for the purpose of allowing citizens to address the Utility Board. Comments are limited to 4 minutes, total comment period limited to 15 minutes. Any speakers not having the opportunity to be heard will be the first to present at the next Board meeting.)

Vice President Johnson opened the meeting for public comment. Four people came forward to speak.

Ivan Idso, of Rochester, shared his community engagement plan to reduce energy consumption, which he said is similar to scenario 4 of RPU's Resource Plan but with a reduced or eliminated gas plan, and includes a program he called the Rochester energy challenge. His plan calls for the Rochester energy challenge to be rolled out in 2020, smart meters in 2021, and a new infrastructure study to be conducted in 2024 to reassess demand.

Tom DeBoer, of Rochester, shared his presentation on wind generation in southeastern Minnesota and land requirements. He also explained the need for larger dispatchable generation to maintain reliability.

Tom Williamson, of Rochester, asked the Board to approve scenario 5 of the Resource Plan, and to listen to what the scientists and consultants are saying.

Roger Forland, of Rochester, said he just came to observe and did not wish to speak.

5. Regular Agenda

1. Cost Share Agreement for Right-of-Way

A proposed cost-share agreement between RPU and Olmsted County to purchase the right-of-way at the County Road 104 and 60th Avenue NW corridor between CSAH 34 (Country Club Road SW) and CSAH 14 (75th Street NW) was presented to the Board for approval. Ryan Moore, Manager of Geographic Information Services, said RPU will receive a non-revocable permit to place infrastructure within the county's 60th Avenue right-of-way for future improvements.

Cost-share items include right-of-way staff time based on actual salary, survey staff time based on actual salary, title work, appraisals, acquisition payments to owners and condemnation costs, with the City sharing in costs at 50% of the total cost up to a maximum of \$150,000. The City is preparing to place a distribution line adjacent to 60th Avenue NW between 55th Street NW and the Douglas Trail.

The cost-share agreement was approved by the Olmsted County Board on August 6, 2019, and was reviewed by the City Attorney with no issues.

Minutes Acceptance: Minutes of Sep 24, 2019 4:00 PM (Approval of Minutes)

Mr. Moore stated that this agreement provides a long-term solution for future cooperation between the county and the City that is in the best interest of the public.

Resolution: Cost Share Agreement for Right-of-Way

BE IT RESOLVED by the Public Utility Board of the City of Rochester, Minnesota, to approve a Cost Share Agreement with Olmsted County and authorize the Mayor and the City Clerk to execute the agreement.

Passed by the Public Utility Board of the City of Rochester, Minnesota, this 24th day of September, 2019.

RESULT: COUNCIL APPROVAL [UNANIMOUS]

MOVER: Michael Wojcik, Board Member SECONDER: Brett Gorden, Board Member

AYES: Brett Gorden, Tim Haskin, Melissa Graner Johnson, Michael Wojcik

ABSENT: Brian Morgan

Customer Relations - Revised Life Support Policy

Director of Customer Relations Krista Boston brought the revised Life Support policy to the Board for review and comment at its August 27, 2019 meeting. Recommendations from the Board were incorporated into the policy, which was presented for approval.

Resolution: Life Support Policy

BE IT RESOLVED by the Public Utility Board of the City of Rochester, Minnesota, to approve the amended Life Support Policy as presented.

Passed by the Public Utility Board of the City of Rochester, Minnesota, this 24th day of September, 2019.

3. 2020 Utility Board Meeting Dates

The proposed 2020 RPU Board meeting dates were presented to the Board for approval.

Resolution: 2020 Utility Board Meeting Dates

BE IT RESOLVED by the Public Utility Board of the City of Rochester, Minnesota,

to approve the

2020 Utility Board Meeting Dates

Passed by the Public Utility Board of the City of Rochester, Minnesota, this 24th day of September, 2019.

6. Informational

Solar RFP Negotiations

Director of Power Resources Jeremy Sutton brought a request to the Board to further negotiate with two vendors for a purchase power agreement for RPU's proposed solar project. RPU published a RFP (request for proposal) for solar power providers on August 2, 2019 for a future 10-27 megawatt solar site that will feed into RPU's distribution system. The contract term is for a fixed price over 20 years. RPU would take full ownership of the site in 2030, when its purchase power contract with Southern Minnesota Municipal Power Agency (SMMPA) expires.

Staff evaluated the proposals received using the following criteria: ability to connect to RPU's distribution system, evidence of site control, safety record/experience and financial capability. Respondents were also evaluated for competitive pricing. The field has been narrowed down to two vendors, said Mr. Sutton.

Why aren't the names of the companies public, asked Board Member Michael Wojcik? General Manager Mark Kotschevar stated that under the RFP process, the names are confidential, but will be released later following negotiations. Why was 10-27 megawatts chosen as the capacity, asked Mr. Wojcik? That range was chosen based on interest from customers and on the potential to partner with Peoples Energy Cooperative, said Mr. Kotschevar. Mr. Wojcik asked if the two vendors are qualified and if this item will be ready for Board action next month. Mr. Sutton stated the two companies are very qualified and an agreement is anticipated to be presented for approval at the next Board meeting.

Water Utility Cost of Service Study

Director of Corporate Services Peter Hogan presented the results of the water utility cost of service study to the Board. The study is conducted every three years, however was postponed in 2018 to wait for completion of phase 1 of the water main renewal and replacement prioritization study, the results of which were incorporated into the current water cost of service study.

The study used the following assumptions: annual inflation of 2.2%, annual water consumption growth of 0.75%, no DMC funding, and capital improvement projects. Vice President Johnson asked if it's accurate that RPU has not received any DMC funding. No, RPU has not, said Mr. Hogan, and does not expect to. General Manager Mark Kotschevar stated that RPU is eligible to be reimbursed if a DMC project affected RPU infrastructure that would have to be relocated as a result, but RPU is not high on the priority list of DMC funding.

Based on the study, which utilizes the utility basis of rate-making, said Mr. Hogan, staff recommends a 3.5% water rate increase over the next three to five years, which does not include the water testing fee charged by the state.

Board Member Michael Wojcik asked what major capital improvement projects are taking place. Those would include the water reservoir in Baihly Heights, the Broadway reconstruction project and improvements to well houses 42 and 43, said Senior Civil Engineer Doug Klamerus.

Board Member Tim Haskin asked what the impact would be to the typical residential customer bill. The average residential customer would see an increase of 46.5 cents per month, Mr. Hogan stated, and the state's water testing fee, which was increased this year, would add another 28 cents per month.

Mr. Wojcik made a motion to accept and place on file the water utility cost of service study and to direct staff to proceed with the 3.5% rate increase for one year, and to communicate the five-year plan to the public, which is a change from previous plans. Board Member Brett Gorden asked if staff will also communicate regarding the increased state water testing fee. Mr. Kotschevar said that will be included in the notification. Mr. Haskin asked if the fee is earmarked towards water-related state projects, and Mr. Kotschevar confirmed that it is.

7. Board Liaison Reports

In regard to the updating of Board policies, General Manager Mark Kotschevar said he is tardy in revising the Electric Service Availability policy and in writing the new Undergrounding policy, but plans to bring those forward soon.

8. General Managers Report

General Manager Mark Kotschevar announced some upcoming dates for budget and rate setting. On October 17, 2019, the Board's finance and audit committee will meet for the first review of RPU's 2020 electric and water budget and rate recommendations. The full Board will have its first look at the budget and rates at its October 29, 2019 meeting. On November 12, 2019, the Board will hold a special meeting to approve the budget and rates, which will be forwarded to the Rochester City Council for concurrence.

Mr. Kotschevar and Director of Power Resources Jeremy Sutton were asked to present the Rochester energy plan to a group of state legislators at an October 2 mini-session of the Minnesota House of Representatives who will be traveling to Rochester.

Director of Corporate Services Peter Hogan introduced representatives from Cayenta, Scott MacKendrick, executive vice president, and Larissa Wong, vice president of professional services, as well as Rob Whitlock of Whitlock Consulting and Patty Hanson, RPU project manager. Mr. MacKendrick said that currently the Cayenta and RPU teams are proceeding through user acceptance testing (UAT), which began on August 21 and is expected to be completed on October 11. So far UAT has shown a 92% success rate, he said, with 432 test cases executed having 28 failures. There are currently 24 open incidents being addressed, five of those with Cayenta responsibility and the rest lying with RPU. Mr. MacKendrick said the team is on track to complete UAT by October 11. The next phase will begin on October 18 with mock go-live conversion, followed by a month of prep for go-live and completion of training. The planned go-live date is November 12. Mr. Hogan added that staff will be working through three weekends of training sessions to arrive at go-live.

Minutes Acceptance: Minutes of Sep 24, 2019 4:00 PM (Approval of Minutes)

Last month, Board Member Michael Wojcik requested the cost to insert a mailer in the RPU bill providing election polling places for Rochester residents. Mr. Hogan said that RPU is unable to add an insert to the customer bill, but could instead repurpose two pages of its Plugged In newsletter to print the information. Mr. Wojcik asked staff to please send the printing cost to the city administrator to distribute to the Council.

9. Division Reports & Metrics

Vice President Johnson remarked that it was nice to see that the RPU crews who traveled to Kissimmee, Florida to provide mutual aid to areas damaged by Hurricane Dorian received a great amount of attention on social media.

10. Other Business

In regard to comments made earlier in the meeting by Ivan Idso, Board Member Michael Wojcik asked if RPU is moving aggressively towards smart meters. General Manager Mark Kotschvar replied yes, and RPU's smart meter plan will be presented with the 2020 budget. Mr. Wojcik commented that just having smart meter technology out there will provide the ultimate tool for conservation. He also said the idea that scenario 5 of the RPU Resource Plan is carbon-free is absolutely not true. He asked what the incremental cost difference would be between scenarios 3 and 5. Director of Power Resources Jeremy Sutton stated that it is \$114 million. Is that the best use of \$114 million to reduce green house gases, asked Mr. Wojcik? He also commented that scenario 3 could reduce the amount of green house gas being generated for a lot less money.

Board Member Brett Gorden stated he agrees with Mr. Idso that conservation is the key to take the best advantage of the renewables, and he also appreciates Tom DeBoer's comments about keeping a stable and stealth grid locally.

General Manager Mark Kotschevar said that technology is changing quickly and there will be time to make these considerations, with no need to choose a scenario now. Staff will need to determine the risks associated with scenarios 3 and 5, one risk being how much of a price hedge one scenario gives over the other and the financial, technology and reliability risks involved.

On an unrelated subject, Mr. Wojcik asked if RPU could invest in a few signs to place in residential rights-of-way to indicate that tree trimming will be coming to the area, to give customers advance notice. Mr. Kotschevar said that staff will look into it.

FOR BOARD ACTION

Agenda Item # (ID # 11214) Meeting Date: 10/29/2019

SUBJECT: Wellhead Protection Plan Part II - Public Hearing

PREPARED BY: Todd Osweiler

ITEM DESCRIPTION:

The Wellhead Protection (WHP) Plan part II public hearing will be open for public input and discussion. The public hearing is being held in accordance with Minnesota Rules, Chapter part 4720.

The WHP program is a community-based approach designed to protect public drinking water supplies by managing the land surface to prevent contaminants from entering the area that contributes water to the well. Part I of the WHP program was completed and approved by the Minnesota Department of Health in September 2017. The executive summary of Part II of the WHP program is attached for your review. Complete versions of both Part I and Part II are posted on RPU's web site at https://www.rpu.org/education-environment/water-quality.php.

Staff will present an overview of the plan and take public comments following the presentation.

UTILITY BOARD ACTION REQUESTED:

No board action required.

Executive Summary

The Wellhead and Source Water Protection Plan (the Plan) for Rochester Public Utilities (RPU) addresses the 31 municipal water supply wells operated by RPU. RPU's previous Wellhead Protection Plan was approved by the Minnesota Department of Health in 2007. This Plan amendment was prepared in accordance with the applicable portions of the State of Minnesota Wellhead Protection Rules (Minnesota Rules 4720.5100 through 4720.5590) due to the age of the Plan.

RPU's municipal water supply system includes 31 primary water supply wells and no seasonal or emergency water supply wells. In total, these wells pump from the following five different aquifers: Shakopee Formation, Jordan Sandstone, Tunnel City Group, Wonewoc Sandstone, and Mt. Simon Sandstone. The vulnerability classifications of the RPU water supply wells range from low to high.

This Plan amendment consists of two parts. In Part 1 of the Plan amendment, wellhead protection areas (WHPAs) for RPU's water supply wells were delineated as were the associated drinking water supply management areas (DWSMAs). The DWSMAs encompass the WHPAs and are defined by geographically identifiable boundaries including roads, parcel boundaries, and quarter-quarter section lines. Seven DWSMAs were delineated for the RPU wells (see Figure 1).

- Northwestern DWSMA extends beyond the Rochester city limits into Cascade and Kalmar Townships.
- Central DWSMA extends beyond the Rochester city limits into Cascade, Haverhill, Marion, and Rochester Townships.
- Southeastern DWSMA extends beyond the Rochester city limits into Marion Township.
- Well 24 DWSMA is entirely within the Rochester city limits.
- Well 72 and Well 77 DWSMAs are entirely within Marion Township.
- Well 73 DWSMA extends beyond the Rochester city limits into Rochester Township.

It should be noted that in the interim between the completion of the DWSMA delineations and the completion of this Plan that Well 73 was sealed.

In Part 1 of this Plan amendment, assessment of geologic conditions in and around RPU's DWSMAs and available water quality data for RPU's wells was done to determine the vulnerability to contamination of the uppermost source water aquifer. The aquifer vulnerability in approximately 82 percent of the area encompassed by the DWSMAs is classified as High. Aquifer vulnerability in approximately 13 percent of the area in the DWSMAs is classified as Moderate. Approximately 5 percent of the area in the DWSMAs has an aquifer vulnerability classification of Low.

This document comprises Part 2 of the Plan amendment and includes the following information:

- A review of data elements identified by the Minnesota Department of Health as applicable to the DWSMAs.
- Results of an inventory of potential contaminant sources within the DWSMAs.

- A review of changes, issues, problems, and opportunities related to the public water supply and the identified potential contaminant sources.
- A discussion of potential contaminant source management strategies and the goals, objectives, and action plans associated with these management strategies.
- A review of the Wellhead and Source Water Protection evaluation program
- RPU's alternative water supply contingency strategy specified in RPU's Water Supply Plan (incorporated by reference).

Within the one-year groundwater time of travel zone (aka, Emergency Response Zone or ERZ) around each RPU water supply well the standard PCSI process relying on public database information to identify potential contaminant source locations was followed. Outside of the ERZs, the MDH allowed RPU to develop and use an alternative PCSI approach. The alternative PCSI approach included combining Olmsted County land use data with Standard Industrial Classification (SIC) and North American Industrial Classification System (NAICS) codes to compile a preliminary list of potential contaminant source properties in the DWSMAs. Data from public databases traditionally used to conduct a PCSI was then compared to the preliminary list to develop a final list of potential contaminant source properties in the DWSMAs and classify the potential risk to the water supply wells represented by the potential contaminant source properties.

The goals and objectives of this WHPP will focus on reducing the potential contaminant pathways to the source water aquifers that may be provided by private wells and educating property owners and water supply users to ensure proper management of the portions of the DWSMAs.

The following goals have been identified for implementation of this WHPP:

- RPU will work to maintain or improve the current level of water quality so that the municipal
 water supply will continue to meet or exceed all applicable state and federal water quality
 standards.
- Work with the Olmsted County and appropriate State agencies to protect the source water aguifers
- RPU will provide information and promote activities that protect the source water aquifers that
 provide water to the municipal system. This will include increasing public awareness of the
 Wellhead and Source Water Protection Program and groundwater-related issues, and
 management of the identified potential contaminant sources within the DWSMAs.
- RPU will continue to collect data to support future wellhead and source water protection efforts.

Actions identified to accomplish these goals include the following:

- Wells
 - o Promoting proper management of existing active wells in the DWSMA
 - o Encouraging the proper sealing of all unused wells within the DWSMA
 - o Identification of new high capacity wells in or near the DWSMA
 - Maintaining current IWMZ potential contaminant source inventories for RPU's water supply wells

- Potential contaminant source properties
 - Encouraging proper handling of chemicals/wastes
 - o Encouraging proper operation and maintenance of storage tanks
 - Periodically obtaining updated information on potential contaminant sources in the DWSMA from the regulating agencies to maintain an up-to-date potential contaminant source database for the DWSMAs and allow timely recognition of potential issues that could affect RPU municipal water supply or DWSMAs.

• Public education

- o Distribution of RPU Annual Water Quality Report for the water supply system,
- o Direct mailing of RPU's monthly newsletter RPU Plugged In
- Posting Wellhead Protection Program information on the RPU website at https://www.rpu.org/education-environment/water-quality.php
- Using RPU's social media outlets and other means of distribution to distribute information related to wellhead protection
- Communicate with city of Rochester and Olmsted County Planning Departments to encourage inclusion of wellhead and source water protection in their planning processes
- Continued data collection
 - Recording static and pumping water levels in RPU wells,
 - Collection of additional local geologic and hydrogeologic data as it becomes available from public sources or from RPU-sponsored projects.
 - o Sampling RPU's municipal wells for tritium
 - Sampling of RPU wells and surface water bodies for indicator parameters to assess potential connection between water supply wells and surface water.

FOR BOARD ACTION

Agenda Item # (ID # 11198) Meeting Date: 10/29/2019

SUBJECT: Risk Property, General Liability and Automotive Insurance Renewals for 2020

PREPARED BY: Andrew Bianco

ITEM DESCRIPTION:

Listed below are the recommended insurance quotations for obtaining all risk property insurance, general liability and automotive insurance for the period November 1, 2019 - October 31, 2020.

ALL RISK PROPERTY INSURANCE:

Quotes are based on current policy limits of \$250 million. The deductible for property and transformers and the turbine generators historically has been \$250,000 to \$400,000 for different types of assets. The attached quote shows the responses from 11 different insurance carriers at the current deductible levels. The total of \$518,215 is a 73% increase or an additional \$218,800 per year.

This increase has been driven by recent market claims and a study by Lloyds of London that showed Power Generation and Transmission to be a losing category. This is not reflective of RPU's claims experience. RPU has had two claims since 2006 for a total of \$3,093,479 or \$2,487,480 after deductibles. During the same period RPU has paid premiums of \$5,288,664.

In response, management asked for quotes with a \$1,000,000 deductible. Management is recommending increasing the deductible to \$1,000,000 for property coverage with Wortham Insurance through ARGUS, a public utility specific purchasing group. The premium savings of \$203,496 would offset the additional deductible exposure in less than 4 years.

2020	\$354,113,706	\$ 314,719
2019	\$ 337,215,818	\$ 299,408
2018	\$ 329,623,351	\$ 271,817
2017	\$ 253,368,823	\$ 244,566
2016	\$ 416,300,508	\$ 394,140
	PROPERTY VALUE	<u>PREMIUM</u>

FOR BOARD ACTION

Agenda Item # (ID # 11198) Meeting Date: 10/29/2019

LIABILITY AND COMMERCIAL AUTO INSURANCE:

Management recommends maintaining the same structure of coverage for liability and auto insurance, having the League of MN Cities Insurance Trust (LMCIT) provide the primary coverage up to \$1.5 million for claims in accordance with Minnesota statutory limits. The annual aggregate deductible remains at \$50,000 with \$25,000 per occurrence for all lines.(Open mtg law defense, public officials E&O and employment liability.) In 2018, RPU received a **dividend from the League of \$8,830**. The League distributes dividends back to its members based on premiums and incurred losses for all years of membership.

Cyber - Data Security Breach coverage \$3M liability and increasing to \$500K for 1st party expenses.

Management also recommends maintaining AEGIS to provide blanket liability coverage with limits from \$ 1,000,000 up to \$ 20,000,000. Includes \$20M terrorism liability coverage - 3rd party damages.

2020	\$ 140,844	\$ 310,392
2019	\$ 138,180	\$ 307,353
2018	\$ 131,500	\$ 300,255
2017	\$ 131,616	\$ 291,023
2016	\$ 125,133	\$ 286,000
	<u>LMCIT</u>	<u>AEGIS</u>

UTILITY BOARD ACTION REQUESTED:

Management recommends that the Board approve the attached resolutions for property and liability insurance for 2019-20.

October 18, 2019

Rochester Public Utilities c/o Deb Donahue 4000 East River Road NE Rochester, MN 55906-2813

RESOLUTION

BE IT RESOLVED by the Public Utility Board of the City of Rochester, Minnesota, to approve a contract agreement with Wortham Insurance/ARGUS and authorize the Mayor and the City Clerk to execute the agreement for

ALL RISK PROPERTY INSURANCE

The insurance agreement to be for a twelve month policy period commencing November 1, 2019, and expiring October 31, 2020.

The amount of the contract agreement not to exceed THREE HUNDRED FOURTEEN THOUSAND SEVEN HUNDRED NINETEEN DOLLARS AND 00/100 (\$314,719.00).

Passed by the Public Utility Board of the City of Rochester, Minnesota, this 29th day of October, 2019.

President	
Secretary	

RESOLUTION

BE IT RESOLVED by the Public Utility Board of the City of Rochester, Minnesota, to approve a contract agreement with Associated Electric and Gas Insurance Services, Ltd. (AEGIS) and authorize the Mayor and the City Clerk to execute the agreement for

EXCESS GENERAL LIABILITY INSURANCE

The insurance agreement to be for a twelve month policy period commencing November 1, 2019, and expiring October 31, 2020.

The amount of the contract agreement not to exceed THREE HUNDRED TEN THOUSAND THREE HUNDRED NINETY-TWO AND 00/100 DOLLARS (\$310,392.00).

Passed by the Public Utility Board of the City of Rochester, Minnesota, this 29th day of October, 2019.

President	
Secretary	

RESOLUTION

BE IT RESOLVED by the Public Utility Board of the City of Rochester, Minnesota, to approve a contract agreement with the League of Minnesota Cities Insurance Trust and authorize the Mayor and the City Clerk to execute the agreement for

COMMERCIAL AUTOMOBILE AND GENERAL LIABILITY INSURANCE

The insurance agreement to be for a twelve month period commencing November 1, 2019, and expiring October 31, 2020.

The amount of the contract agreement not to exceed ONE HUNDRED FORTY THOUSAND EIGHT HUNDRED FORTY FOUR AND 00/100 DOLLARS (\$140,844.00).

Passed by the Public Utility Board of the City of Rochester, Minnesota, this 29th day of October, 2019.

President	
Secretary	

FOR BOARD ACTION

Agenda Item # (ID # 11149) Meeting Date: 10/29/2019

SUBJECT: Land Purchase - 1325 Marion Road SE

PREPARED BY: Mona Hoeft

ITEM DESCRIPTION:

Staff has negotiated the attached purchase agreement, subject to government approvals, for the purchase of two parcels at 1325 Marion Road SE for the future Marion Road Substation project.

Guidance for the purchase of real estate is found in the Utility Board charter:

SECTION 15.07. (Contracts). Subdivision 2; the public utility board, with authorization by resolution of the Common Council, may enter into a contract if the contract: ... (B) involves the sale or purchase of real or personal property in an amount greater than \$100,000.00;

Board policy requires at least one independent property appraisal for financial consideration in excess of \$25,000. Springer Appraisal Associates prepared an appraisal for RPU valuing the property at \$122,000. This valuation is consistent with an independent appraisal that the owner had completed conducted by Warfield Appraisal Group, LLC at \$125,788.

Based on input provided by the board during the closed meeting, RPU offered 20% higher than the appraised value resulting in an offer of \$146,400 as the best and final offer prior to condemnation filing which was rejected by the owner. After completion of the owner's appraisal, the owner countered with \$215,000. Subsequent discussion resulted in a total purchase price of \$158,311. While the purchase price is 28% higher than the average appraisal, it is within the limits directed by the board and results in a positive acquisition with the owner and ultimately avoids the risk and expense associated with condemnation. Details are outlined below:

- 1. Purchase Price: \$150,000
- 2. Realtor fees paid by RPU: \$5,000
- 3. Seller closing costs paid by RPU: \$1,500 est.
- 4. Delinquent Assessments and Property Tax paid by RPU: \$2,453
- 5. Closing Date: on or before November 5, 2019

This agreement will also require City Council approval on November 5, 2019.

UTILITY BOARD ACTION REQUESTED:

FOR BOARD ACTION

Agenda Item # (ID # 11149) Meeting Date: 10/29/2019

Staff recommends approval of the purchase agreement for the referenced property and authorize the agreement to move forward for approval of the City Council.

REAL ESTATE PURCHASE AGREEMENT

THIS AGREEMENT ("Agreement") is made as of World October, 2019 ("Effective Date"), by and between Muhubo Karey and Abdisalan Sabriye, husband and wife ("Seller"), and the City of Rochester acting by and through its Public Utility Board ("Purchaser").

RECITALS:

- A. Seller is the owner of commercial real property legally described on Exhibit A attached hereto and incorporated herein (the "Real Property"). Seller has agreed to convey the Property to Purchaser and Purchaser is desirous of purchasing the same.
- B. Seller desires to sell and Purchaser desires to purchase the Property pursuant to the terms and conditions set forth herein.
- NOW, THEREFORE, in consideration of the mutual covenants and conditions hereinafter expressed, and other good and valuable consideration, the receipt, sufficiency and mutuality of which are hereby acknowledged, Purchaser and Seller agree as follows:
- 1.0 Property To Be Purchased.
 - Commonly known as 1325 Marion Road SE, Rochester MN 55904 and legally described on Exhibit A attached, also known to be identified by Olmsted County parcels 63.07.23.025663 and 64.12.14.025974, totaling approximately 40,075 gross square feet (collectively, the "Property") to be conveyed on terms satisfactory to the Purchaser and subject to the parties' compliance with the terms and conditions of this Purchase Agreement, the Seller shall sell to Purchaser and Purchaser shall purchase from Seller the following:
 - (a) The Real Property; and,
 - (b) All improvements located on the Real Property.
- 2.0 Purchase Price and Earnest Money. The purchase price to be paid by Purchaser for the Property is \$150,000.00. Upon the execution of this Agreement, Purchaser shall deposit the amount of \$5,000.00 with Rochester Title as earnest money to be held in accordance with an escrow agreement in the form attached hereto as Exhibit B attached hereto and incorporated herein, which earnest money and accrued interest shall be applied to the purchase price at closing. The balance of the purchase price, plus or minus pro-rations and adjustments as set forth herein, will be paid to Seller at closing.
- 3.0 <u>Closing Date.</u> The closing of the purchase and sale contemplated by this Agreement shall occur within 30 days of the Effective Date. Purchaser may extend the closing date by an additional 60 days by giving written notice of its intention to do so. The closing shall take place at the office of Rochester Title or at such other place as the parties shall mutually agree upon. Seller agrees to deliver possession of the Property to Purchaser on the closing date.
- 4.0 Evidence of Title. As soon as practicable but no later than 15 days after the

Effective Date of this Agreement, Purchaser shall order, at Purchaser's sole cost and expense, a title opinion including copies of documents referenced in Schedule B thereof (collectively, the "Title Commitment").

- 5.0 <u>Purchaser's Conditions to Closing.</u> The closing of the transaction contemplated by this Agreement and the obligations of the Purchaser to purchase the Property shall be subject to the following conditions:
 - (a) <u>Documents.</u> Within five days of the Effective Date, Seller shall deliver to Purchaser those documents listed herein which are in Seller's reasonable control or possession.
 - (b) <u>Inspection.</u> From and after the Effective Date, Purchaser, and its agents, employees, contractors and invitees, may, following reasonable notice to and cooperation with Seller, enter upon the Property in order to perform engineering testing and such inspections as Purchaser may deem necessary provided that neither Purchaser nor its agents shall engage in any intrusive testing without the prior written consent of Seller which consent shall not be unreasonably withheld, conditioned or delayed. Purchaser hereby agrees to indemnify, defend and hold Seller harmless from and against any and all losses, claims, causes of action, liabilities and costs of defense (including reasonable attorney's fees) incurred by Seller arising out of the actions of Purchaser, its agents, employees, contractors or invitees. In the performance of any inspection to the Property and during any access to the Property, Purchaser and his agents shall comply with all applicable laws and regulations with respect to the inspection and access and shall refrain from interfering with Seller's use of the Property. Purchaser shall assume all liability for any damages to Property or injury to persons resulting from, arising out of or incurred in connection with any inspection or access to the Property by Purchaser or its agents. Seller will also provide access to the Purchaser of all reports and records, correspondence and other documentation in the possession of Seller relevant to the Property,
 - (c) Environmental. Within 15 days of the Effective Date, Purchaser shall be provided with copies of all environmental studies and reports in Seller's possession (collectively, the "Reports"), including, but not limited to, Phase One and Phase Two environmental assessments, wetland studies, or any other pertinent studies or reports. Purchaser shall have the right to perform such testing at its sole cost and expense in accordance with section 5.0 (b) above.
 - (d) Representations and Warranties. The representations and warranties in this Purchase Agreement shall be true at the time of closing as though such representations and warranties were made at such time.
 - (e) <u>Marketability</u>. Marketability of title to said Real Property shall have been established or waived pursuant to the provisions of this Purchase Agreement.
 - (f) Governmental Approvals. Purchaser shall have 30 days from the Effective Date to gain the necessary approvals from any applicable state, federal or local governing boards, health inspectors or watershed districts. Should the

Purchaser fail to achieve such approvals after diligent effort to do so, they may terminate this Agreement in writing prior to the expiration of the 30 days and receive a refund of the Earnest money. If the 30 days expire with no such notice from the Purchaser, the Earnest Money shall become non-refundable. The Seller shall cooperate fully in the application and pursuit of the government approvals.

6.0 Representations and Warranties.

A. Seller makes the following representations and warranties to Purchaser:

- (i) Seller has the full and complete authority to sell the Property.
- (ii) Seller is not a foreign person, foreign partnership, foreign trust or foreign estate as those terms are defined in Section 1445 of the Internal Revenue Code.
- (iii) There have been no bankruptcy or dissolution proceedings involving Seller during the time Seller has had any interest in the Property, there are no unsatisfied judgments or state or federal tax liens of record against Seller, and there have been no labor or materials furnished to the Property for which payment has not been paid.
- (iv) To Seller's knowledge, there are no unrecorded mortgages, contracts, purchase agreements, options, leases, easements or other agreements or interest relating to the Property.
- (v) Seller has not received notice of any new public improvement project(s), the cost of which a governmental entity may assess against the Property, other than the notice of sidewalk assessments.
- (vi) To Seller's knowledge, the Property is not in violation of any statute, law, ordinance or regulation, and there is no action, litigation, governmental investigation, condemnation or administrative proceeding of any kind pending or, to Seller's best knowledge, threatened, against or involving any portion of the Property.
- (vii) To Seller's knowledge, Seller is not in default in the performance of any of Seller's obligations under any easement agreement, covenant, condition, restriction, or other instrument or agreement relating to the Property.
- (viii) To Seller's knowledge, there are no wells on the Property.
- (ix) There is no individual sewage treatment system on or serving the Property.
- (x) There are not now, nor to Seller's actual knowledge have there ever been underground or above ground storage tanks of any size or type located on the Property nor any Hazardous Substances (defined below) located on the

Property in violation of applicable governmental requirements, and the Property has not been used in connection with the generation, disposal, storage, treatment or transportation of Hazardous Substances in violation of applicable governmental requirements. To Seller's actual knowledge, no activity has been undertaken on the Property that would cause or contribute to the discharge of Hazardous Substances or of fluids into any water source or system, the dredging or filling of any waters or the discharge into the air of any emissions that would require a permit under any federal or state law or local ordinance. For purposes of this Agreement, the term "Hazardous Substances" includes but is not limited to substances defined as "hazardous substances," "toxic substances," "hazardous wastes" "pollutants" or contaminants" under federal or Minnesota law. The term "hazardous substance" shall also include asbestos, polychlorinated biphenyls, petroleum, including crude oil or any fraction thereof, petroleum products, heating oil, natural gas, natural gas liquids, liquefied natural gas, or synthetic gas useable for fuel (or mixtures of natural gas and synthetic gas).

- (xi) For the purposes of satisfying any applicable requirements of Minn. Stat. §152.0275, Seller discloses and certifies that, to the best of her knowledge, methamphetamine production has not occurred on the Property.
- (xii) That prior to closing, Seller will have terminated any and all existing leases, rental agreements or license agreements with any tenants of the Property(s)

The foregoing representations and warranties shall be accurate on the date hereof and on the date of closing. If, at any time prior to the closing, Seller acquires actual knowledge of events or circumstances which render the representations and warranties set forth in this section inaccurate in any respect, Seller shall immediately notify Purchaser in writing and Purchaser shall have the right to terminate this Agreement. Seller will indemnify Purchaser, its successors and assigns, against and will hold Purchaser, its successors and assigns harmless from, any loss, liability, costs, expenses or damages, including reasonable attorney's fees, that Purchaser incurs because of the Seller's breach of any of the above representations and warranties, the inaccuracy of any of the above representations when made or remade, or Seller's failure to notify Purchaser, before the Closing, if the representations set forth above become inaccurate and Seller actually knows of such inaccuracy. The representations, warranties and indemnification set forth above shall survive the closing of this transaction and Seller's delivery of the Deed for a period of 12 months.

- B. Purchaser makes the following representations and warranties to Seller:
 - (i) The individuals executing this Agreement on behalf of Purchaser have the requisite authority to execute this Agreement and such other documents as are contemplated or to be delivered by Purchaser herein, and to bind Purchaser thereto; and Purchaser has the full and complete authority to purchase the Property.
 - (ii) Purchaser shall promptly pay, when due, any and all charges for

- engineering, surveying or other studies, reports, assessments or investigations which are commissioned or requested by Purchaser and not the responsibility of Seller under this Agreement.
- (iii) Purchaser shall not change the zoning, subdivide the Property, or complete any other administrative or physical change to the Property prior to closing.

The representations and warranties contained in this section shall be true and correct on the Effective Date and closing date.

- 7.0 <u>Real Estate Taxes and Special Assessments.</u> The Parties shall pay the real estate taxes and special assessments as follows:
 - (a) At closing, Purchaser shall pay all real estate taxes, and special assessments payable therewith and any penalties and interest thereon due and payable with respect to the Property in all years prior to the year of closing, including all deferred taxes attributable to years prior to the year of closing.
 - (b) Seller shall pay the real estate taxes due and payable in the year of closing. all special assessments levied, pending, certified ordeferred to the date of the closing.
 - (c) Purchaser shall pay all real estate taxes due and payable in the years following the year of closing.
- 8.0 <u>Closing Documents.</u> At or prior to closing, the parties shall execute and deliver the following:
 - (a) Warranty Deed conveying title to Purchaser;
 - (b) Assignment of all Licenses and Permits needed to operate the Property, if any;
 - (c) Assignment of all Contracts, Warranties and Guarantees, if any;
 - (d) Any documents reasonably required by the title company;
 - (e) Affidavit Regarding Seller (MN Uniform Conveyancing Blanks Forms);
 - (f) FIRPTA Affidavit. A non-foreign affidavit, properly executed, containing such information as is required by Internal Revenue Code Section 1445 (b)(2) and its regulations;
 - (g) IRS Form. A designation agreement designating the "reporting person" for the purposes of completing Internal Revenue Form 1099 and, if applicable, Internal Revenue Form 8594;
 - (h) Well Certificate. A certificate (or statutory statement on the Deed) signed by Seller warranting that there are no wells on the Property within the meaning of Minn. Stat. Section 1031, or if there are wells, a Well Certificate in the form

required by law;

- (i) Storage Tanks. If the Property contains or contained a storage tank, an affidavit with respect thereto, as required by Minn. Stat. Sec. 116.48;
- (j) All other documents required hereunder to effectuate the provisions of this Purchase Agreement.
- 9.0 <u>Closing Costs.</u> The following costs and expenses shall be paid in connection with the closing:
 - (a) Seller shall pay the cost of:
 - (i) All attorneys' fees and expenses incurred by Seller.
 - (b) Purchaser shall pay the cost of:
 - (i) UCC searches;
 - (ii) Additional soil reports or inspection reports required by Purchaser;
 - (iii) Any recording fees for recording the Deed;
 - (iv) The title company's closing fee for both Seller and Purchaser;
 - (v) Real property taxes and installments of special assessments as provided in section 7.0 above;
 - (vi) All of the fees associated with the Title Opinion and all of the escrow and closing fees;
 - (vii) Both the Seller and Purchaser's closing fees customarily paid in a transaction of this type;
 - (viii) All fees associated with the issuance of the Owner's Title Insurance Commitment, including State and Federal Tax Liens, Judgment and Bankruptcy Searches;
 - (ix) All State Deed Taxes and/or transfer taxes on deeds;
 - (x) Recording fees on all releases and satisfactions of existing mortgages;
 - (xi) All real estate commissions, up to \$5,000.
- 10.0 <u>Title To Be Delivered.</u> Seller agrees to convey marketable fee simple title in the Property to Purchaser at closing subject only to:
 - (a) Covenants, conditions, restrictions, declarations and easements of record, if any,

- without effective forfeiture provisions and which do not interfere with present Improvements;
- (b) Utility and drainage easements which do not interfere with present Improvements;
- (c) Reservations of minerals or mineral rights by the State of Minnesota, if any;
- (d) Building, zoning and subdivision laws, ordinances and State and Federal regulations which do not interfere with present Improvements.
- 11.0 Operation Prior to Closing. During the Executory Period, Seller shall operate and maintain the Property in the same manner as it is being operated on the date hereof and in accordance with prudent and reasonable standards. Seller shall execute no contracts, leases, or other agreements regarding the Property during the Executory Period which extend beyond the closing date without the prior written consent of Purchaser, which consent may be withheld by Purchaser at its sole discretion. Seller shall not pledge or transfer any interest in or encumber or permit the encumbrance of the Property with any lien, easement, interest or agreement from and after the Effective Date without the prior written consent of Purchaser, which may be withheld in Purchaser's sole and absolute discretion.

12.0 Default.

- (a) If Purchaser defaults in the performance of Purchaser's obligations under this Agreement due to no fault of Seller, then Seller may, as its sole and exclusive remedy, terminate this Agreement in accordance with Minnesota Statutes Section 559.21.
- (b) If Seller defaults in the performance of Seller's obligations under this Agreement due to no fault of Purchaser, then Purchaser may, after at least 30 days' prior written notice to Seller and Seller's failure to cure the default within said notice period, either (i) declare this Agreement terminated and may seek and recover actual (but not consequential) damages from Seller, or (ii) Purchaser may elect to seek specific performance of this Agreement.
- (c) Notwithstanding anything in this Section 12.0 to the contrary, any action by Purchaser for specific performance or damages must be commenced no later than 30 days after the date of the occurrence of Seller's default. The limitation set forth in the preceding sentence shall not apply to claims for indemnification or contribution specifically provided for in this Agreement.
- 13.0 <u>Miscellaneous.</u> The following general provisions govern this Agreement:
 - (a) <u>Time of Essence.</u> Time is of the essence of this Agreement. If not responded to, in writing by 5:00 pm on October 11, 2019, this offer will be considered to be null and void.
 - (b) Governing Law. This Agreement is made and executed under and in all respect to be governed by the laws of the State of Minnesota.

(c) <u>Notices.</u> The mailing addresses of the Seller and Purchaser are as follows (or to such other respective addresses as may be designated by notice given in accordance with provisions of this section):

If to Purchaser:

City of Rochester Public Utilities

Attn: Mona Hoeft

4000 East River Road NE Rochester MN 55906

If to Seller:

Muhubo Karey and Abdisalan Sabriye

4552 Manor Brook Drive NW

Rochester, MN 55901

Any notice, request, demand or other communication permitted or required hereunder shall be in writing and shall be deemed duly delivered when delivered personally or when deposited in the United States mails, First Class, postage prepaid or delivered to a reputable courier addressed to the party for whom it is intended at the address specified above or at such other address as either party shall notify the other of in writing as provided above.

- (d) <u>Amendment.</u> This Purchase Agreement shall be amended only by a written instrument signed by Seller and Purchaser.
- (e) <u>Successors and Assigns.</u> This Purchase Agreement shall be binding upon and inure to the benefit of the successors and assigns of each of the parties hereto.
- (f) <u>Headings.</u> The captions and headings of the various sections of this Agreement are for convenience only and are not to be construed as defining or as limiting in any way the scope or intent of the provisions hereof.
- (g) Tax Deferred Exchange. Purchaser and/or Seller may enter into the transaction contemplated under this Agreement as part of a like-kind exchange within the meaning of Section 1031 of the Internal Revenue Code, as amended, and the regulations promulgated thereunder. Purchaser and Seller agree to cooperate fully with each other in order to implement any such exchange. Purchaser and Seller acknowledge that any exchange of a party shall be at no cost to the other party and shall not release or diminish a party's obligations and liability under this Agreement. To facilitate an exchange, Seller has the right to assign all of its right, title and interest in this Agreement to a qualified intermediary without the approval of Purchaser.
- (h) <u>Counterparts.</u> This Purchase Agreement may be executed in any number of counterparts and by different parties hereto on separate counterparts, each of which counterparts, when so executed and delivered, shall be deemed to be an original and all of which counterparts, taken together, shall constitute one and the same Purchase Agreement.

Agenda Item # (ID # 11218) Meeting Date: 10/29/2019

SUBJECT: Approval of the Electric Service Availability Policy

PREPARED BY: Mark Kotschevar

ITEM DESCRIPTION:

Attached is a red-lined and clean version of the revised Electric Service Availability Policy. The revisions are minor and have been reviewed by the Board operations committee. This policy documents the Board's desire to be the electric provider for all customers within the City limits. This desire is also affirmed in a 1990 City Council resolution which declares this same desire. This is now ready for full board review and if desired, approval.

UTILITY BOARD ACTION REQUESTED:

Approve the attached Electric Service Availability Policy

ROCHESTER PUBLIC UTILITIES BOARD POLICY STATEMENT

POLICY SUBJECT: Electric Service Availability

POLICY OBJECTIVE:

The Board's objective is to provide <u>electric utility</u> services to all applicants requesting service within the geographical area that the <u>Uutility</u> is entitled and obligated to serve.

POLICY STATEMENT:

- 1. The RPURochester Public Utilities (RPU) will provide electric utility service to all customers located within the electric service area limits established by the Minnesota Public Utilities Commission (MPUC).
- 2. Service rights to each and every new annexation to the city will be acquired through a negotiated written agreement with the displaced utility, a petition to the MPUC, or eminent domain.
- 3. Where permanent service rights cannot be obtained prior to the need for electric service, RPU will attempt to acquire interim service rights through a written agreement with the displaced utility or through a petition to the MPUC.
- 4. Service will be provided to all customers located within the RPU service area in accordance with applicable regulatory requirements, Board policies, and with published rules approved by the Board. Service to all customers will be non-discriminatory within each established customer class.

RESPONSIBILITIES:

- 1. The General Manager will review, or cause to be reviewed, all annexations to the City of Rochester and identify those areas not previously contained within the <u>assigned</u> RPU <u>electric</u> service area.
- 2. Periodically, as appropriate for the pace of annexations and development, the General Manager will initiate negotiations and/or a legal process for interim and permanent service rights to newly annexed areas.
- 3. The General Manager will maintain, or cause to be maintained, a map of the RPU service area which is updated after each acquisition and filed <u>as required</u> with the MPUC.

- 4. The General Manager will review and update RPU's <u>eustomer electric</u> service rules <u>and regulations</u> as appropriate to reflect Board policy, prudent practice, industry changes, and regulatory requirements.
- 5. The Board will approve all written agreements for acquisition of service rights.

Agenda Item # (ID # 11197) Meeting Date: 10/29/2019

SUBJECT: Preliminary 2020 Water and Electric Utility Budgets

PREPARED BY: Peter Hogan

ITEM DESCRIPTION:

Attached is a copy of the preliminary 2020 electric and water capital and operating budgets. A separate presentation of these budgets was given to the Board's finance committee on October 17, 2019.

Management will be reviewing the water and electric utility budget scenarios that take into consideration the cost of service studies presented and accepted by the Board in 2019 and 2017 for the water and electric utilities, respectively. The Board will be asked for final approval of the operating budgets, including Capital projects for 2020, multi-year project continuing beyond 2020 and proposed rate adjustments at the November 12, 2019 meeting. If the Board approves, management will forward the budgets and rate adjustment recommendations to the City Council for their approval at the November 18, 2019 Council meeting.

In the electric utility, management is presenting a scenario showing no overall rate increase for 2020. Management is recommending an adjustment of the residential customer charge from \$19.50 per month to \$18.30 per month based on customer charge analysis that was performed during 2019 with a corresponding 1.7% increase in energy rates to stay revenue neutral. During 2020, the customer charge will be reassessed to include the cost of the new billing system and revenue generated by the line extension policy. The Clean Air Rider, which started in 2007 and ends in 2030, is designed to collect \$2,155,974 per year and is adjusted based on the projected KWH sales each year.

The rate scenario reaches the target change in net assets in 2023. Our cash reserves are above the minimum target in 2020, and projected to grow modestly in the 2022 - 2024 time frame. We have included additional dollars in the maintenance and capital budgets for replacement of aging infrastructure. In addition, we have included a new substation, partially funded from cash reserves, to serve future load growth. In previous budgets, this project was planned as a bonded project. Avoiding additional debt service payments helps reduce future rate increases and is consistent with our change to the utility method of rate setting adopted in 2014. The current electric utility budget shows flat to declining energy sales based on our historical econometrics-driven revenue model. Level energy sales, continued customer growth, and normal inflation of costs are the main drivers for the proposed rate increases in the out years.

The significant business drivers for 2020 are:

Limited demand growth (273MW to 276MW) and a KWH sales increase of 0.9% from 2019. These are impacted by weather, strong customer growth (1.8%), and a decrease in consumption per customer. 2020 reflects a normal weather year, while consumption in 2019 is expected to be below expectations, due to less cooling and heating degree days than budgeted.

Agenda Item # (ID # 11197) Meeting Date: 10/29/2019

- A decrease in wholesale power costs from SMMPA of 4% starting in February 2019 will continue to be passed on to customers through the Power Cost Adjustment through 2020, reducing the overall cost to customers.
- Internally funded capital project requests for 2020 were cut by 5%, or \$1.041M, and major maintenance requests by 15%, or \$630K, to enable management to recommend a zero percent overall rate adjustment. The 2017 cost of service study anticipated a 1.0% overall rate increase in 2020.
- · Continuation of investments in our system for growth and reliability.
- Investments in IT systems.
- Need to meet financial targets based on Utility Method of rate setting:
 - o Change in Net Assets (Net Income)
 - o Debt Service Coverage Ratio
 - o Equity Percent
 - o Minimum cash reserves per Board policy

In the water utility, management is presenting a budget in keeping with the 2019 cost of service projections presented to the Board. Management is recommending a 3.5% general rate increase in 2020. An area of concern is the capital costs related to DMC projects that are eligible for funding from DMC funds. We have included estimated costs for a number of projects as placeholders. To date no DMC funds have been allocated and actual costs and project timing are expected to change throughout the year. In addition to the general rate increase, the State legislature passed an increase of \$0.28/month to the mandated water testing fee which will be passed through to the water customers.

The main drivers for the water budget are:

- Growth in customers 1.0% and projected growth in total consumption of 2.85% in 2020, due to the assumption of average weather and rainfall
- Larger capital expenditures for water main replacements
- · City-planned street reconstruction
- DMC development affecting water infrastructure
- Distribution system expansion
- Continued water conservation programs and education

UTILITY BOARD ACTION REQUESTED:

Approval of a public notice of a proposed general utility rate increase of 0.0% for the electric utility with recommended changes to residential customer and energy charges.

Agenda Item # (ID # 11197) Meeting Date: 10/29/2019

Approval of a public notice of proposed general utility rate increase of 3.5% and a \$0.28 increase to the state mandated water testing fee for the water utility.

Approval of a public notice of proposed increase in the clean air rider rate to \$0.00180 per KWH.

Production & Sales Statistics Forecast	6

ROCHESTER PUBLIC UTILITIES ELECTRIC UTILITY 2020 OPERATING BUDGET

BASIC ASSUMPTIONS

· Cost center budgets and non-bonded projects set at level used in cost-of-service study

· Other than specifically identified projects, no assumptions have been made with regards to DMC

Interest Earnings Rate: 1.80%
 Average Salary Expense Change: 3.2%

(excluding headcount additions) (consists of COLA, merit and promotion increases)

Anticipated Bonding nor
 Change in Full-time Equivalents: 3

SMMPA Wholesale Power Cost: 0.0% increase
 SMMPA CROD Level: 216 MW

• Minimum Cash Reserve Requirement: Current policy amount \$57,408,200

RETAIL REVENUES / SALES

• Revenue Adjustment: 0.0% proposed

Electric KWH Sales Forecast: 0.9 % Increase from 2019 Year End Projected Sales
 Total Electric Utility Customers: 1.8% Increase over Year End 2019 Projected Customers

• Forecast Assumes Normal Weather: 523 Cooling Degree Days

WHOLESALE FUEL COSTS

Estimated Cost of Fuel 2020 \$3.45 / mcf
 Budgeted Cost of Fuel 2019 F2 \$3.54 / mcf

OTHER ITEMS

• In Lieu of Tax forecast increasing \$80,100 to a total of \$8,825,228.

RATE SCHEDULE RES SHEET 1 OF 1

RESIDENTIAL SERVICE

AVAILABILITY:

At all locations where facilities of adequate capacity and suitable voltage are adjacent to the premises to be served. Where service desired by the customer is not adjacent to the premises to be served, additional contract arrangements may be required prior to service being furnished.

APPLICATION:

To electric service required for residential purposes in individual private dwellings and in individually metered apartments when such service is supplied at one point of delivery and measured through one meter. Existing single metered, multi-unit dwellings having not in excess of three separate dwelling units in the same structure may be served under this rate.

CHARACTER OF SERVICE:

Single phase, 60 Hertz, 120/240 volts alternating current.

RATE:	<u>2019</u>	<u>2020</u>
Customer Charge:	\$ 19.50	\$18.30
Energy Charge:		

Definition of Season: Summer months are June through September. Non-summer months

are January through May and October through December.

POWER COST ADJUSTMENT:

Bills computed under this rate schedule are subject to adjustment in accordance with the Power Cost Adjustment (PCA).

MINIMUM BILL per month:2019

\$19.50

\$18.30

PAYMENT: Payments are due on or before the due date.

CONDITIONS OF DELIVERY:

- 1. Service furnished under this rate schedule is subject to applicable provisions of RPU's published Electric Service Rules and Regulations.
- 2. RPU shall not be liable for any damage or loss sustained by customer resulting from interruptions, deficiencies, or imperfections of service provided under this rate.
- 3. Energy furnished under this rate shall not be resold.
- 4. This tariff assumes use of metering technology capable of being read using automated equipment. Customers choosing the option to have a meter that is not capable of being read using automated equipment, thus requiring a manual reading, are subject to a monthly surcharge. Additional one-time meter change-out fees also apply. (See the RPU Miscellaneous Fee Schedule for the amount of the monthly surcharge and the one-time meter change-out fees).

Approved by Rochester Public Utility Board: November 12, 2019 Effective Date: January 1, 2020

RATE SCHEDULE RES-DF SHEET 1 OF 2

RESIDENTIAL SERVICE - DUAL FUEL

AVAILABILITY:

Available only to existing dual fuel customers transferred from People's Cooperative Power Association's (PCPA) electrical system to RPU's system as part of RPU's electric service territory acquisitions.

APPLICATION:

To electric heating service required for residential purposes in individual private buildings. Such electric heating load shall be metered separately from the rest of the service.

CHARACTER OF SERVICE:

Single phase, 60 Hertz, 120/240 volts alternating current.

RATE: $\frac{2019}{\text{Energy Charge / kWh}} \qquad \qquad \frac{2020}{7.870 \text{ f}} \qquad \qquad 8.005 \text{ f}$

POWER COST ADJUSTMENT:

Bills computed under this rate schedule are subject to adjustment in accordance with the Power Cost Adjustment (PCA).

MINIMUM BILL:

Energy usage.

PAYMENT:

Payments are due on or before the due date.

- 1. Service under this rate is only for electric heating. All other electrical loads shall be metered under the RES residential service rate.
- 2. Customer must keep his or her alternate fuel source heating system in satisfactory operating condition.
- 3. RPU reserves the right to transfer RES-DF customers from the primary electric heat source to the alternate fuel source at any such time that the electric heating load would add to RPU's monthly electric peak.
- 4. Customers that remove existing dual fuel heating systems shall not be eligible for the RES-DF rate with replacement heating systems.
- 5. Service furnished under this rate schedule is subject to applicable provisions of RPU's published Electric Service Rules and Regulations.

RATE SCHEDULE RES-DF SHEET 2 OF 2

RESIDENTIAL SERVICE - DUAL FUEL (Cont.)

CONDITIONS OF DELIVERY: (cont.)

- 6. RPU shall not be liable for any damage or loss sustained by customer resulting from interruptions, deficiencies, or imperfections of service provided under this rate.
- 7. Energy furnished under this rate shall not be resold.
- 8. This tariff assumes use of metering technology capable of being read using automated equipment. Customers choosing the option to have a meter that is not capable of being read using automated equipment, thus requiring a manual reading, are subject to a monthly surcharge. Additional one-time meter change-out fees also apply. (See the RPU Miscellaneous Fee Schedule for the amount of the monthly surcharge and the one-time meter change-out fees).

RATE SCHEDULE RESELGEO SHEET 1 OF 2

RESIDENTIAL SERVICE - HIGH EFFICIENCY HVAC

AVAILABILITY:

To RPU residential customers that:

- 1. Use either an air source or ground source heat pump system as the only source of heating and cooling in their home.
- 2. Use an electric water heater (usually connected to a desuperheater on the heat pump) as their only source of domestic water heating.
- 3. Receive prior approval of the equipment from RPU. Note that equipment must be rated by the Air-Conditioning, Heating, and Refrigeration Institute (AHRI)*, and at the time of installation, meet the minimum efficiency requirements found on the Residential Electric Efficiency Rebate Application in effect at the time. The current application is available at www.rpu.org.

APPLICATION: Electric service required for residential purposes in individual private dwellings where service is supplied at one point of delivery and measured through one meter.

CHARACTER OF SERVICE:

Single phase, 60 hertz, 120/240 volts alternating current.

RATE:	<u>2019</u>	<u>2020</u>
Customer Charge	\$ 19.50	\$18.30
Energy Charge:		
Winter first 600 kWh	10.545¢	10.726¢
Winter over 600 kWh	8.836¢	8.988¢
Summer kwh	12.596¢	12.812¢

Definition of Season: Summer months are June through September. Non-summer months are

January through May and October through December.

^{*}For air source and ground source heat pumps the efficiency ratings are determined using the Air-Conditioning, Heating, and Refrigeration Institute's (AHRI) directory, which may be found at www.ahridirectory.org.

RATE SCHEDULE RESELGEO SHEET 2 OF 2

RESIDENTIAL SERVICE - HIGH EFFICIENCY HVAC (Cont.)

POWER COST ADJUSTMENT:

Bills computed under this rate schedule are subject to adjustment in accordance with the Power Cost Adjustment (PCA).

MINIMUM BILL:

MINIMUM BILL per month: 2019 2020 \$18.30

PAYMENT:

Payments are due on or before the due date.

- 1. Service under this rate is only for air-source or ground-source heat pump systems that meet the stated efficiency requirements as explained in the Availability subhead of this rate schedule.
- 2. Service provided under this rate is subject to applicable provisions of RPU's published Electric Service Rules and Regulations.
- 3. Energy provided under this rate shall not be resold.
- 4. RPU shall not be liable for any damage or loss sustained by the customer resulting from interruptions, deficiencies, or imperfections of service provided under this rate.
- 5. This tariff assumes use of metering technology capable of being read using automated equipment. Customers choosing the option to have a meter that is not capable of being read using automated equipment, thus requiring a manual reading, are subject to a monthly surcharge. Additional one-time meter change-out fees also apply. (See the RPU Miscellaneous Fee Schedule for the amount of the monthly surcharge and the one-time meter change-out fees).

RATE SCHEDULE MGS SHEET 1 OF 2

MEDIUM GENERAL SERVICE

AVAILABILITY:

At all locations for loads where the demand is at least 75 kW or more for three or more billing periods in a given calendar year, but less than 1,000 kW, and where facilities of adequate capacity and suitable voltage are adjacent to the premises to be served. For loads where the service desired by the customer is not adjacent to the premises to be served, additional contract arrangements may be required prior to service being furnished. Customers with minimum loads of at least 50kW for three or more billing periods in a given calendar year but less than 75 kW can choose to be classified as Medium General Service (MGS) and be billed under the MGS rate schedule below. The choice, once elected, is irrevocable for 12 billing periods, and remain in force unless revoked in writing by the customer.

APPLICATION:

To commercial, industrial, and governmental customers with all service taken at one point and measured through one meter. Also applicable to temporary service in accordance with RPU's published Electric Service Rules and Regulations. Not applicable to standby service.

CHARACTER OF SERVICE:

Single or three phase, 60 Hertz, alternating current at any one of the standard secondary service voltages as described in RPU's published Electric Service Rules and Regulations.

RATE:

Demand Charge:

Non-Summer /KW	\$ 17.830
Summer /KW	\$ 24.060

Energy Charge:

Non-Summer / kWh	5.650¢
Summer / kWh	5.650¢

Definition of Season: Summer months are June through September. Non-summer months are January

through May and October through December.

POWER COST ADJUSTMENT:

Bills computed under this rate schedule are subject to adjustment in accordance with the Power Cost Adjustment (PCA).

POWER FACTOR ADJUSTMENT:

The customer agrees to maintain an average power factor of 0.95 or greater for the billing period and to prevent a leading power factor. If the customer's average power factor is less than 0.95 for the billing period, the billing demand will be determined by multiplying the measured demand by 0.95 and dividing the results by the customer's average power factor. The average power factor is defined to be the quotient obtained by dividing the kWh used during the month by the square root of the sum of the squares of the kWh used and the lagging reactive kilovoltampere-hours supplied during the same period. The customer's average power factor will be determined by means of permanently installed meters.

PRIMARY METER DISCOUNT:

Customers approved for metering at 13.8 kV will receive a discount of 1.25% on base rate charges for measured demand and energy.

RATE SCHEDULE MGS SHEET 2 OF 2

MEDIUM GENERAL SERVICE (Cont.)

TRANSFORMER OWNERSHIP CREDIT:

Customers owning transformers will receive a credit on each month's measured demand.

Credit per KW \$ 0.35

DETERMINATION OF DEMAND:

Measured demand is defined as the maximum rate at which energy is used for any period of fifteen consecutive minutes during the billing period. The billing demand shall be the greater of the measured demand for the billing period adjusted for power factor, or 50% of the maximum measured demand for the most current June-September billing periods adjusted for power factor, ratcheted demand. The ratcheted demand is the maximum measured demand adjusted for power factor of four consecutive billing cycles during the most recent May through October billing periods depending on the billing cycle. Billing periods may not coincide with calendar months.

MINIMUM BILL:

The minimum bill shall not be less than the billing demand, as provided above, whether or not energy is used.

PAYMENT:

Payments are due on or before the due date.

- 1. Service furnished under this rate schedule is subject to applicable provisions of RPU's published Electric Service Rules and Regulations.
- 2. Unless authorized by separate written agreement, standby electric generating equipment installed by the customer shall not be interconnected or operated in parallel with the RPU system. Customer shall own, install, operate, and maintain electrical interlocking equipment, which will prevent parallel operation, and such equipment shall be approved by RPU prior to installation.
- 3. RPU shall not be liable for any damage or loss sustained by customer resulting from interruptions, deficiencies, or imperfections of service provided under this rate.
- 4. Energy furnished under this rate shall not be resold.

RATE SCHEDULE MGS-HEF SHEET 1 OF 3

MEDIUM GENERAL SERVICE - HIGH EFFICIENCY HVAC

AVAILABILITY:

At all locations for loads where the demand is at least 75 kW or more for three or more billing periods in a given calendar year, but less than 1,000 kW, and where facilities of adequate capacity and suitable voltage are adjacent to the premises to be served, and to customers who:

- 1. Use either an air source or ground source heat pump as the only source of heating and cooling in their facility.
- 2. Use an electric water heater (usually connected to a desuperheater on the heat pump) as the only source of water heating.
- 3. Receive prior approval of the equipment from RPU. Note that equipment must be rated by the Air-Conditioning, Heating, and Refrigeration Institute (AHRI)* and at the time of installation, meet the minimum efficiency requirements found on the Commercial Heat Pumps Rebate Application in effect at the time. The current application is available at www.rpu.org.
- 4. Service under this rate must be separately metered from other facility loads.

*For air source and ground source heat pumps the efficiency ratings are determined using the Air-Conditioning, Heating and Refrigeration Institute's (AHRI) directory, which may be found at www.ahridirectory.org.

Note: Other all-electric HVAC systems may be considered for this rate if they meet the stated efficiency standards. To have a system considered, customers must submit an engineering analysis documenting the efficiency of the system.

APPLICATION:

To commercial, industrial, governmental, and other types of Medium General Service customers reconfiguring their current electric service, or adding a new service, to separately meter their high efficiency HVAC equipment. Not applicable to standby service.

CHARACTER OF SERVICE:

Single or three phase 60 Hertz, alternating current at any one of the standard secondary service voltages as described in RPU's published Electric Service Rules and Regulations.

RATE SCHEDULE MGS-HEF SHEET 2 OF 3

MEDIUM GENERAL SERVICE - HIGH EFFICIENCY HVAC (Cont.)

RATE:

POWER COST ADJUSTMENT:

Bills computed under this rate schedule are subject to adjustment in accordance with the Power Cost Adjustment (PCA).

POWER FACTOR ADJUSTMENT:

The customer agrees to maintain an average power factor of 0.95 or greater for the billing period and to prevent a leading power factor. If the customer's average power factor is less than 0.95 for the billing period, the billing demand will be determined by multiplying the measured demand by 0.95 and dividing the results by the customer's average power factor. The average power factor is defined to be the quotient obtained by dividing the kWh used during the month by the square root of the sum of the squares of the kWh used and the lagging reactive kilovoltampere-hours supplied during the same period. The customer's average power factor will be determined by means of permanently installed meters.

PRIMARY METER DISCOUNT:

Customers approved for metering at 13.8 kV will receive a discount of 1.25% on base rate charges for measured demand and energy.

TRANSFORMER OWNERSHIP CREDIT:

Customers owning transformers will receive a credit on each month's measured demand.

Credit per KW \$ 0.35

DETERMINATION OF DEMAND:

Measured demand is defined as the maximum rate at which energy is used for any period of fifteen consecutive minutes during the billing period. The billing demand shall be the greater of the measured demand for the billing period adjusted for power factor, or 50% of the the maximum measured demand for the most current June-September billing periods adjusted for power factor ratcheted demand. The ratcheted demand is the maximum measured demand adjusted for power factor of four consecutive billing cycles during the most recent May through October billing periods depending on the billing cycle. Billing periods may not coincide with calendar months.

For an existing facility reconfiguring its current electric service to come under this rate by separately metering its high efficiency HVAC equipment, the ratchet will be removed from the current electric service. The ratchet will be effective beginning in October following the first separately metered high efficiency HVAC service during one of the summer billing periods, June-September May through October billing periods described above.

At that time the ratchet will be reapplied to the current electric service and will be applied for the first time to the high-efficiency HVAC service.

Packet Pg. 85

RATE SCHEDULE MGS-HEF SHEET 3 OF 3

MEDIUM GENERAL SERVICE - HIGH EFFICIENCY HVAC (Cont.)

MINIMUM BILL:

The minimum bill shall not be less than the billing demand, as provided above, whether or not energy is used.

PAYMENT:

Payments are due on or before the due date.

- 1. Service under this rate is only for air source or ground source heat pumps and any other all-electric HVAC systems that meet the stated efficiency requirements as explained in the Availability subhead of this rate schedule.
- 2. Service under this rate must be separately metered from other facility loads.
- 3. Since the HVAC system must be separately metered for this rate, the customer is responsible for any rewiring and its associated costs.
- 4. Service provided under this rate is subject to applicable provisions of RPU's published Electric Service Rules and Regulations.
- 5. Energy provided under this rate shall not be resold.
- 6. RPU shall not be liable for any damage or loss sustained by the customer resulting from interruptions, deficiencies, or imperfections of service provided under this rate.
- 7. Unless authorized by separate written agreement, standby electric generating equipment installed by the customer shall not be interconnected, or operated in parallel, with the RPU system. Customer shall own, install, operate, and maintain electrical interlocking equipment, which will prevent parallel operation, and such equipment shall be approved by RPU prior to installation.

RATE SCHEDULE MGS-TOU SHEET 1 OF 3

MEDIUM GENERAL SERVICE - TIME-OF-USE

AVAILABILITY:

At all locations for loads where the demand is at least 75 kW or more for three or more billing periods in a given calendar year, but less than 1,000 kW, and where facilities of adequate capacity and suitable voltage are adjacent to the premises to be served. For loads where the service desired by the customer is not adjacent to the premises to be served, additional contract arrangements may be required prior to service being furnished. RPU reserves the right to limit both the number of customers and the amount of load taken under this rate schedule.

APPLICATION:

To commercial, industrial, and governmental customers with all service taken at one point and measured through one meter. All electrical requirements at one location shall be taken under this rate schedule. Not applicable to temporary or standby service.

CHARACTER OF SERVICE:

Single or three phase, 60 Hertz, alternating current at any one of the standard secondary service voltages as described in RPU's published Electric Service Rules and Regulations.

RATE:

Meter Charge: Any additional meter charge for costs above RPU's standard MGS meter costs.

Non-Summer:

On-peak Demand / KW \$ 17.830 Off-peak Demand / KW \$ 1.933 Energy Charge / kWh 5.724¢

Summer:

On-peak Demand / KW \$ 24.060 Off-peak Demand / KW \$ 1.933 Energy Charge / kWh 5.724¢

Definition of Season: Summer months are June through September. Non-summer months

are January through May and October through December.

Definition of On-Peak Demand: The maximum kW used by the customer in any fifteen-minute period

between the hours of 10:00 a.m. and 10:00 p.m. Monday through

Friday.

Definition of Off-Peak Demand: The maximum kW used by the customer in any fifteen-minute period

during the off-peak period.

POWER COST ADJUSTMENT:

Bills computed under this rate schedule are subject to adjustment in accordance with the Power Cost Adjustment (PCA).

RATE SCHEDULE MGS-TOU SHEET 2 OF 3

MEDIUM GENERAL SERVICE - TIME-OF-USE (Cont.)

POWER FACTOR ADJUSTMENT:

The customer agrees to maintain an average power factor of 0.95 or greater for the billing period and to prevent a leading power factor. If the customer's average power factor is less than 0.95 for the billing period, the billing demand will be determined by multiplying the measured demand by 0.95 and dividing the results by the customer's average power factor. The average power factor is defined to be the quotient obtained by dividing the kWh used during the month by the square root of the sum of the squares of the kWh used and the lagging reactive kilovoltampere-hours supplied during the same period. The customer's average power factor will be determined by means of permanently installed meters.

PRIMARY METER DISCOUNT:

Customers approved for metering at 13.8 kV will receive a discount of 1.25% on base rate charges for measured demand and energy.

TRANSFORMER OWNERSHIP CREDIT:

Customers owning transformers will receive a credit on each month's measured demand.

Credit per KW \$ 0.35

DETERMINATION OF DEMAND:

Measured demand is defined as the maximum rate at which energy is used for any period of fifteen consecutive minutes during the billing period.

BILLING DEMAND:

The on-peak billing demand shall be the greater of the measured on-peak demand for the billing period adjusted for power factor, or 50% of the the maximum measured demand for the most current June-September billing periods adjusted for power factor. ratcheted on-peak demand. The ratcheted on-peak demand is the maximum measured on-peak demand adjusted for power factor of four consecutive billing cycles during the most recent May through October billing periods depending on the billing cycle. Billing periods may not coincide with calendar months.

The off-peak billing demand shall be the measured off-peak demand for the billing period adjusted for power factor less the on-peak billing demand for the billing period.

The total billing demand shall be the sum of the on-peak billing demand and the off-peak billing demand.

MINIMUM BILL:

The minimum bill shall not be less than the billing demand, as provided above, whether or not energy is used plus any meter charge.

PAYMENT:

Payments are due on or before the due date.

RATE SCHEDULE MGS-TOU SHEET 3 OF 3

MEDIUM GENERAL SERVICE - TIME-OF-USE (Cont.)

CONDITIONS OF DELIVERY:

- 1. Service under this rate will be made available at the option of the medium general service customer, subject to the availability of the necessary TOU metering equipment.
- 2. Customers converting to the MGS-TOU rate from the MGS rate shall make a one-time payment to RPU for any conversion cost above the normal cost to install MGS-TOU metering.
- 3. A customer may switch back to the MGS rate providing the customer gives RPU at least 60 days notice and agrees to pay any metering conversion costs.
- 4. Service furnished under this rate schedule is subject to applicable provisions of RPU's published Electric Service Rules and Regulations.
- 5. Unless authorized by separate written agreement, standby electric generating equipment installed by the customer shall not be interconnected or operated in parallel with the RPU system. Customer shall own, install, operate, and maintain electrical interlocking equipment, which will prevent parallel operation, and such equipment shall be approved by RPU prior to installation.
- 6. RPU shall not be liable for any damage or loss sustained by customer resulting from interruptions, deficiencies, or imperfections of service provided under this rate.
- 7. Energy furnished under this rate shall not be resold.

Approved by Rochester Public Utility Board: Effective Date:

November 12, 2019 January 1, 2020

RATE SCHEDULE LGS SHEET 1 OF 2

LARGE GENERAL SERVICE

AVAILABILITY:

At all locations for loads where the measured demand is at least 1,000 kW or more for three or more billing periods in a given calendar year, but less than 10,000 kW, and where facilities of adequate capacity and suitable voltage are adjacent to the premises to be served. For loads where the service desired by the customer is not adjacent to the premises to be served, additional contract arrangements may be required prior to service being furnished.

APPLICATION:

To commercial, industrial, and governmental customers with all service taken at one point and measured through one meter. Also applicable to temporary service in accordance with RPU's published Electric Service Rules and Regulations. Not applicable to standby service.

CHARACTER OF SERVICE:

Three phase, 60 Hertz, alternating current at any one of the standard secondary service voltages as described in RPU's published Electric Service Rules and Regulations.

RATE:

Demand Charge / KW \$ 20.000 Energy Charge / kWh \$ 5.867¢

POWER COST ADJUSTMENT:

Bills computed under this rate schedule are subject to adjustment in accordance with the Power Cost Adjustment (PCA).

POWER FACTOR ADJUSTMENT:

The customer agrees to maintain an average power factor of 0.95 or greater for the billing period and to prevent a leading power factor. If the customer's average power factor is less than 0.95 for the billing period, the billing demand will be determined by multiplying the measured demand by 0.95 and dividing the results by the customer's average power factor. The average power factor is defined to be the quotient obtained by dividing the kWh used during the month by the square root of the sum of the squares of the kWh used and the lagging reactive kilovoltampere-hours supplied during the same period. The customer's average power factor will be determined by means of permanently installed meters.

PRIMARY METER DISCOUNT:

RATE SCHEDULE CAR SHEET 1 OF 1

CLEAN AIR RIDER

APPLICATION:

The Clean Air Rider (CAR) will be used to recover costs related to renewable and environmental improvement programs and projects approved by the Utility Board. Applicable to all rate classes billed in kWh.

CONDITIONS OF DELIVERY:

- 1. Emission Reduction Project at Silver Lake Plant:
 - a. The CAR for the Emission Reduction Project (ERP) at the Silver Lake Plant is to recover the annual debt service of the project.
 - b. The CAR for the ERP will be calculated by dividing the ERP debt service requirements by the KWH forecast for all rate classes. This monthly charge under the CAR Schedule for 2020 is \$0.00166 \$0.00180 /kwh.
 - c. The CAR will terminate for the ERP with payment of all debt service requirements.
 - d. An annual true-up will be done comparing the actual amount collected to the actual debt service requirement. The amount over or under collected will adjust future years debt service requirements used in the calculation.

Approved by Rochester Public Utility Board: Effective Date:

FIRE HYDRANT FACILITIES CHARGE

APPLICABILITY:

To all residential and commercial and industrial water utility customers.

MONTHLY RATE:

Customer Class	<u>2019</u>	<u>2020</u>
Residential	\$.95	\$.98
Commercial/Industrial	\$ 3.90	\$ 4.04

BILLINGS:

Billings will be on a monthly basis.

PAYMENT:

Payments are due on or before the due date.

- 1. RPU shall not be liable for any damage or loss sustained by customer resulting from interruptions, deficiencies, or imperfections of service provided under this rate.
- 2. The rate will not be applied to water service meters that are used exclusively for irrigation purposes.
- 3. The rate will not be applied to water service meters that are not connected to the City's central water system.
- 4. The rate will be applied regardless of the property's water service status (active or non-active).

RESOLUTION

BE IT RESOLVED by the Public Utility Board of the City of Rochester, Minnesota, to authorize staff to give preliminary notice to the public of the proposed 3.5% increase to the general water rates and a \$0.28 per month increase in the state mandated water testing fee for 2020 and

BE IT RESOLVED by the Public Utility Board of the City of Rochester, Minnesota, to authorize staff to give preliminary notice to the public of the proposed 0.0% overall adjustment to the general electric revenue requirement for 2020 with adjustments to the residential customer charge, energy charges and the clean air rider.

Passed by the Public Utility Board of the City of Rochester, Minnesota, this 29th day of October, 2019.

President	
Secretary
