## SECTION B. REBATE APPLICATION CHECKLIST

Use this checklist to complete the steps to receive your rebates:

1. Read the following terms and conditions to determine if you are eligible for a rebate:
  - Only one service address per application.
  - Rebates are intended for customers, not contractors or builders.
  - The Utility reserves the right to apply rebates to past due accounts. Rebates \$75 and under will be applied to your account. Rebates will not exceed the purchase price.
  - Energy-efficient equipment must be connected to an electric service supplied by Austin Utilities, Owatonna Public Utilities, or Rochester Public Utilities and is subject to inspection.
  - Purchase and install **NEW** products. Reconditioned, refurbished, or second-hand equipment is not eligible for a rebate. Products replaced under warranty or provided through a repair/replacement service agreement are not eligible for a rebate.
  - Equipment installations must meet our Minimum Efficiency Requirements and be ENERGY STAR® certified to qualify for a rebate. The Utility reserves the right to reject any rebate application submitted as a result of work performed by a contractor who has failed to adhere to the terms and conditions established for the rebate program. Contractors must be licensed if applicable.
  - Due to limited funding, this rebate offer can be withdrawn at any time without notice. Applications will be processed on a first-come, first-served basis. All applications from this year's purchases (2022) must be received by March 31, 2023.
  - Rebates can only be offered on equipment that is installed while funding is in effect. In the event our program is discontinued due to depleted funds, we will not provide a rebate for items installed between the discontinued date and the end of that year.
2. Complete the application, making sure to fill out all required sections in detail. Allow 6-8 weeks for processing. Missing or incorrect information will increase the processing time.
3. Include a final, detailed copy of the original sales receipt, invoice, or picking slip showing the customer name, date of sale, manufacturer name, model number, size, and date of installation.
4. For LED rebates, applicant must also include the portion of the packaging showing the ENERGY STAR® logo, manufacturer, model number, bulb wattage, and number of bulbs or fixtures. Only one package per each type of bulb and fixture are needed.
5. For RECYCLING rebates, applicant must also include proof of recycling from retailer or county recycling center showing the fee paid. The recycling bonus rebate cannot be combined with any other recycling rebate.
6. Sign the application.
7. Information contained in this rebate application may be shared with the Minnesota Department of Commerce and our co-op partners.
8. Mail or email completed forms and required documentation to your utility provider:
