## SECTION B. REBATE APPLICATION CHECKLIST

Use this checklist to complete the steps to receive your rebates:

1. Read the following terms and conditions to determine if you are eligible for a rebate:
  - Only one service address per application.
  - Rebates are intended for customers, not contractors or builders.
  - The Utility reserves the right to apply rebates to past due accounts. Rebates \$75 and under will be applied to your account. Rebates will not exceed the purchase price.
  - Water-efficient equipment must be connected to a water service supplied by Austin Utilities, Owatonna Public Utilities, or Rochester Public Utilities and is subject to inspection.
  - Purchase and install **NEW** products with the WaterSense® or ENERGY STAR® labels or that meet our minimum efficiency requirements. Reconditioned, refurbished, or second-hand equipment is not eligible for a rebate. Products replaced under warranty or provided through a repair/replacement service agreement are not eligible for a rebate.
  - Equipment installations must meet our Minimum Efficiency Requirements to qualify for a rebate. WaterSense®, ENERGY STAR®, and American Society for Testing and Materials (ASTM) standards are used. (Please refer to the appliance or equipment rebates sections of this form for requirements and reference sources.) The Utility reserves the right to reject any rebate application submitted as a result of work performed by a contractor who has failed to adhere to the terms and conditions established for the rebate program.
  - Due to limited funding, this rebate offer can be withdrawn at any time without notice. Applications will be processed on a first-come, first-served basis. All applications from this year's purchases (2025) must be received by March 31, 2026.
  - Rebates can only be offered on equipment that is installed while funding is in effect. In the event our program is discontinued due to depleted funds, we will not provide a rebate for items installed between the discontinued date and the end of that year.
2. Complete the application, making sure to fill out all required sections in detail. Allow 6-8 weeks for processing. Missing or incorrect information will increase the processing time.
3. Include a final, detailed copy of the original sales receipt, invoice, or picking slip showing the customer name, date of sale, manufacturer name, model number, and date of installation.
4. Sign the application.
5. Information contained in this rebate application may be shared with the Minnesota Department of Commerce and our co-op partners.
6. Submit completed forms and required documentation to your utility provider:

### Austin Utilities

***Thank you for purchasing new, efficient appliances and equipment  
and for applying for a CONSERVE & SAVE™ rebate!***

When purchasing new items, continue to look for the Energy Star®, Energy Star® Most Efficient, and WaterSense® labels.

By doing so, you will save energy, water, and money while ensuring product performance.

Austin, Owatonna, and Rochester Public Utilities may also offer a CONSERVE & SAVE™ rebate on your purchase!

For a complete list of available rebates, amounts, and to download rebate applications with minimum efficiency requirements and complete terms and conditions, visit your utility's website:
