## SECTION C. REBATE APPLICATION CHECKLIST

Use this checklist to make sure you have completed the necessary steps to receive your rebates:

- ☐ 1. Read the following terms and conditions to determine if you are eligible for a rebate:
- Only one installation address per application.
  - Rebates are intended for customers, not contractors or builders.
  - Rebates \$500 or less will be issued as a bill credit to your account. Rebates will not exceed the purchase price. Rochester Public Utilities (RPU) reserves the right to apply rebates to past due accounts.
  - To qualify for an electric rebate, efficient equipment must be connected to an active electric service supplied by RPU and is subject to inspection.
  - To qualify for a water rebate, efficient equipment must be connected to an active water service supplied by RPU and is subject to inspection.
  - Purchase and install NEW products with the ENERGY STAR®, ENERGY STAR® Most Efficient labels, and that meet our minimum efficiency requirements. Reconditioned, refurbished, or second-hand equipment is not eligible for a rebate. Products replaced under warranty or provided through a repair/replacement service agreement are not eligible for a rebate.
  - RPU reserves the right to reject any rebate application submitted as a result of work performed by a contractor who has failed to adhere to the terms and conditions established for the rebate program.
  - Due to limited funding, this rebate offer can be withdrawn at any time without notice. Applications will be processed on a first-come, first-served basis. All applications from this year's purchases (2026) must be received by March 31, 2027.
  - Rebates can only be offered on equipment that is installed while funding is in effect. In the event our program is discontinued due to depleted funds, we will not provide a rebate for items installed between the discontinued date and the end of that year.
- ☐ 2. Complete the application, making sure to fill out all required sections in detail. Allow 6-8 weeks for processing. Missing or incorrect information will increase the processing time.
- ☐ 3. For appliance rebates, include a final, detailed copy of the original sales receipt, invoice, or picking slip showing the customer name, date of sale, manufacturer name, model number, and date of installation.
- ☐ 4. For bonus recycling rebates, applicant must also include proof of recycling from retailer or county recycling center showing the fee paid. The bonus recycling rebate cannot be combined with any other recycling rebate.
- ☐ 5. Sign and date the application.
- ☐ 6. Information contained in this rebate application may be shared with the Minnesota Department of Commerce and our co-op partners.
- ☐ 7. Submit completed forms and required documentation to RPU.
