**Qualifying Water Source Heat Pump** efficiency ratings are determined using the Air Conditioning, Heating, and Refrigeration Institute's (AHRI) directory, which may be found at [www.ahridirectory.org](http://www.ahridirectory.org). EER rating is at AHRI/ISO 13256-1 cooling conditions of 86° F entering water temperature and 80.6° F dry bulb/66.2° F wet bulb entering air temperature (water loop heat pump).  
**A copy of the manufacturer's applicable unit rating must accompany this application.**

**SECTION E. TERMS AND CONDITIONS**

**1. ELIGIBILITY**

Rebates are available to non-residential electric customers of Austin Utilities, Owatonna Public Utilities, and Rochester Public Utilities (herein referred to as The Utility). All products must be in use in facilities in The Utility service territory.

**2. APPLICATION**

Program is offered January 1 through December 31 of the respective calendar year. **Due to limited funding, this rebate offer can be changed or withdrawn at any time without notice and is available on a first-come, first-serve basis.** The entire rebate application must be read and filled out completely or application will be returned.

**3. INSPECTION AND VERIFICATION**

The Utility reserves the right to inspect the customer’s facility through on-site visits before and after new equipment installation to verify rebate eligibility.

**4. INSTALLATION AND REBATE AMOUNTS**

Qualifying energy-efficient equipment installed and operational within six (6) months of the date of purchase are eligible for rebate. Additional time may be granted subject to the Utility’s pre-approval. In no case will the rebate paid by The Utility exceed the purchase price of the equipment. The maximum rebate amount is \$100,000 per customer location per technology per year.

**5. INVOICE AND PAYMENT**

Following inspection and verification (see #3) and completed installation, the customer must notify The Utility and submit original invoices specifying the quantity and price of all materials purchased, the date ordered, installation costs, and applicable taxes. After satisfactory review of the application and invoices, a rebate check or bill credit will be issued to the customer. Vendors or contractors are not eligible to receive their customer’s rebate. Please allow 6-10 weeks from the date of application submission for delivery of rebate check or bill credit. The Utility reserves the right to apply the rebate to past due accounts.

**6. EQUIPMENT ELIGIBILITY REQUIREMENTS**

Equipment must be new. Eligible high-efficiency heat pumps must meet or exceed The Utility’s minimum efficiency requirements as identified in Tables 2, 4, and 6 according to its qualifying equipment description/category.

Qualifying water source heat pump efficiency ratings are determined using the Air Conditioning, Heating, and Refrigeration Institute’s (AHRI) directory, which may be found at [www.ahridirectory.org](http://www.ahridirectory.org). Efficiency rating (EER) is at AHRI/ISO 13256-1 cooling conditions. A copy of the manufacturer’s applicable unit rating must accompany this application. Eligible water source heat pumps must replace cooling equipment of lesser efficiencies and of equivalent or greater cooling capacity (Tons or BUT/hour) to qualify for a rebate.

**7. TAX INFORMATION**

The Utility will not be responsible for any tax liability imposed as a result of the rebate payment(s). Customers are advised to consult their tax advisors for details.

**8. DISCLAIMER**

The Utility does not guarantee that the implementation of energy-efficient measures or use of the equipment purchased or installed pursuant to this program will result in energy or cost savings. The Utility makes no warranties, expressed or implied, with respect to any equipment purchased or installed including, but not limited to, any warrant of merchantability or fitness for purpose. In no event shall The Utility be liable for any incidental or consequential damages. Customers are solely responsible for the proper disposal of existing equipment. Consult the Minnesota Pollution Control Agency (MPCA) office for details at 800.657.3864.

**9. ENDORSEMENT**

The Utility does not endorse any particular vendor, manufacturer, product, or system in promoting this rebate program. Listing a vendor or product does not constitute an endorsement, nor does it imply that unlisted vendors or products are deficient or defective in any way.

**10. PRIVACY**

Information contained in this rebate application may be shared with the Minnesota Department of Commerce and our co-op partners and also may be used in our advertising efforts with your permission as granted in Section 2 of this rebate application.
