### SECTION B. CONTACT INFORMATION (please print)/CUSTOMER SIGNATURE

**ATTENTION: ALL INVOICES OR RECEIPTS AND ALL SPECIFICATION SHEETS MUST BE INCLUDED WITH YOUR FULLY-COMPLETED AND SIGNED APPLICATION OR APPLICATION WILL BE RETURNED.**

Contact Name (rebate check will be mailed to contact) \_\_\_\_\_ Daytime Phone Number \_\_\_\_\_

Email \_\_\_\_\_

By typing my first and last names in the box below, I am signing this document and certify that all the information in the application (including any associated worksheets) is correct to the best of my knowledge. I have read and agree to the Terms and Conditions on the back of this application booklet. I understand that if any equipment in conjunction with this application is ordered, purchased, or installed before approval from The Utility is received, the proposed project may not qualify for a rebate.

Customer's Signature \_\_\_\_\_ Date \_\_\_\_\_

Check here if you DO NOT give us permission to use your business name in advertising our CONSERVE & SAVE® programs.

### SECTION C. CONTRACTOR/VENDOR INFORMATION (please print)

Company Name \_\_\_\_\_ Contact Name \_\_\_\_\_

SEER – Seasonal Energy Efficiency Rating; HSPF – Heating Seasonal Performance Factor; COP – Coefficient of Performance; Tons Cooling Capacity = Btuh Cooling Capacity / 12,000

<sup>1</sup>www.ahridirectory.org

<sup>2</sup>For multi-head ductless systems, the capacity is the minimum of the total indoor unit capacity or the outdoor unit capacity.

<sup>3</sup>ASHPs with an HSPF ≥10 must also meet the minimum COP requirement to be eligible for the corresponding Base Rebate. Otherwise, the Base Rebate for the 8.5 minimum HSPF unit will be offered.

<sup>4</sup>Total Rebate is per ASHP system and is limited to 50% of equipment cost.

<sup>5</sup>Efficiency Bonus Rebate provides an additional incentive for efficiencies above 15.5 SEER.

Qualifying air source heat pumps must have been rated in accordance with the most recent version of AHRI Standard 210/240 and have nameplate data stamped with the SEER and HSPF.

A copy of the manufacturer's applicable unit rating must accompany this application. The AHRI directory and standards are located at [www.ahridirectory.org](http://www.ahridirectory.org).

# SECTION D. REBATE INFORMATION – AIR SOURCE HEAT PUMPS > 65,000 Btuh (5.4 Tons)

**Project Type:**      **NEW CONSTRUCTION**      **RETROFIT**      **IF RETROFIT, IS EXISTING EQUIPMENT STILL OPERATIONAL?**      **YES**      **NO**

EXISTING SYSTEM (if operational)			NEW SYSTEM											REBATE

	EER SEER									COP HSPF					\$50			\$5		
	EER SEER									COP HSPF					\$50			\$5		

**REBATE IS LIMITED TO 50% OF NEW EQUIPMENT COST.**

**TOTAL REBATE AMOUNT**

Code	Qualifying Equipment	Minimum Efficiency	Base Rebate (\$/Ton)	Efficiency Bonus <sup>1</sup> Rebate (\$/Ton)
ASHP1-20	Split Systems & Single Package, 65,001-134,999 Btuh	13.4 IEER & 11.0 EER	\$50	\$5
ASHP2-20	Split Systems & Single Package, 135,000-239,999 Btuh	12.7 IEER & 10.6 EER	\$50	\$5
ASHP3-20	Split Systems & Single Package, 240,000 Btuh and greater	11.8 IEER & 9.5 EER	\$50	\$5

<sup>1</sup>**Efficiency Bonus Rebate** provides an additional incentive for each 0.10 SEER or IEER above the Minimum Efficiency.

SEER – Seasonal Energy Efficiency Rating  
 IEER – Integrated Energy Efficiency Rating  
 EER – Energy Efficiency Rating  
 COP – Coefficient of Performance  
 HSPF – Heating Seasonal Performance Factor  
 Tons Cooling Capacity = Btuh Cooling Capacity / 12,000

**Qualifying Air Source Heat Pumps** must have been rated in accordance with the most recent version of AHRI Standard 210/240 if less than 65,000 Btuh and AHRI 340/360 if 65,000 Btuh or greater, and have nameplate data stamped with the SEER/IEER/EER. If equipment is larger than the AHRI Standard certification process, it must be listed as a standard combination in manufacturer's literature. **A copy of the manufacturer's applicable unit rating must accompany this application.** The AHRI directory and standards are located at [www.ahridirectory.org](http://www.ahridirectory.org).

**SECTION F. TERMS AND CONDITIONS**

**1. ELIGIBILITY**

Rebates are available to non-residential electric customers of Austin Utilities, Owatonna Public Utilities, and Rochester Public Utilities (herein referred to as The Utility). All products must be in use in facilities in The Utility service territory.

**2. APPLICATION**

Program is offered January 1 through December 31 of the respective calendar year. **Due to limited funding, this rebate offer can be changed or withdrawn at any time without notice and is available on a first-come, first-served basis.** The entire rebate application must be read and filled out completely or application will be returned.

**3. INSPECTION AND VERIFICATION**

The Utility reserves the right to inspect the customer's facility through on-site visits before and after new equipment installation to verify rebate eligibility. The Utility reminds you to follow all local permitting and building code ordinances.

**4. INSTALLATION AND REBATE AMOUNTS**

Qualifying energy-efficient equipment installed and operational within six (6) months of the date of purchase are eligible for rebate. Additional time may be granted subject to the Utility's pre-approval. In no case will the rebate paid by The Utility exceed the purchase price of the equipment. The maximum rebate amount is \$100,000 per customer location per technology per year.

**5. INVOICE AND PAYMENT**

Following inspection and verification (see #3) and completed installation, the customer must notify The Utility and submit original invoices specifying the model number, quantity and price of all materials purchased, the date ordered, installation costs, and applicable taxes. After satisfactory review of the application and invoices, a rebate check or bill credit will be issued to the customer. Vendors or contractors are not eligible to receive their customer's rebate. Please allow 6-10 weeks from the date of application submission for delivery of rebate check or bill credit. The Utility reserves the right to apply the rebate to past due accounts.

**6. EQUIPMENT ELIGIBILITY REQUIREMENTS**

Equipment must be new. Eligible high-efficiency heat pumps must meet or exceed The Utility's minimum efficiency requirements as identified in Tables 1 and 3 according to its qualifying equipment description/category.

**Qualifying Air Source Heat Pumps** must have been rated in accordance with the most recent version of AHRI Standard 210/240 if less than 65,000 Btuh and AHRI 340/360 if 65,000 Btuh or greater, and have nameplate data stamped with the SEER/IEER/EER. If equipment is larger than the AHRI Standard certification process, it must be listed as a standard combination in manufacturer's literature. A copy of the manufacturer's applicable unit rating must accompany this application. The AHRI directory and standards are located at [www.ahridirectory.org](http://www.ahridirectory.org). Eligible air source heat pumps must replace cooling equipment of lesser efficiencies and of equivalent or greater capacity (Tons or BTU's/hr) to qualify for a rebate.

**Mini-Split A/C Units:** Qualifying AC units must have been rated in accordance with the most recent version of AHRI Standard 210/240 and have nameplate data stamped with the SEER. A copy of the manufacturer's applicable unit rating must accompany this application. The AHRI directory and standards are located at [www.ahridirectory.org](http://www.ahridirectory.org).

**7. TAX INFORMATION**

The Utility will not be responsible for any tax liability imposed as a result of the rebate payment(s). Customers are advised to consult their tax advisors for details.

**8. DISCLAIMER**

The Utility does not guarantee that the implementation of energy-efficient measures or use of the equipment purchased or installed pursuant to this program will result in energy or cost savings. The Utility makes no warranties, expressed or implied, with respect to any equipment purchased or installed including, but not limited to, any warrant of merchantability or fitness for purpose. In no event shall The Utility be liable for any incidental or consequential damages. Customers are solely responsible for the proper disposal of existing equipment. Consult the Minnesota Pollution Control Agency (MPCA) office for details at 800.657.3864.

**9. ENDORSEMENT**

The Utility does not endorse any particular vendor, manufacturer, product, or system in promoting this rebate program. Listing a vendor or product does not constitute an endorsement, nor does it imply that unlisted vendors or products are deficient or defective in any way.

**10. PRIVACY**

Information contained in this rebate application may be shared with the Minnesota Department of Commerce and our co-op partners and also may be used in our advertising efforts with your permission as granted in Section B of this rebate application.
