RPU CHARGES: ELECTRICITY

17 Electric Usage Charge is the total metered kilowatt-hours (kWh) used. The rate per kWh is then multiplied by the kWh used for the current billing period.

NOTE: Two energy charges may appear during the transition between summer (Jun–Sep) and non-summer (Oct–May) rates or when any changes to our rates occur (Dec–Jan).

18 Electric Customer Charge is a fixed charge for all residential customers regardless of electric usage. This charge covers the cost to maintain electric facilities and infrastructure. It also includes costs for meters, distribution poles, safety equipment, miscellaneous supplies, and account administration.

19 Clean Air Rider covers the bond payments for the Emission Reduction Project (ERP). All residential, commercial, and industrial customers are impacted by the charge. The amount you pay on the Clean Air Rider is dependent on your electric usage. The rate of the Clean Air Rider will change each year depending on the debt service payment schedule. The payments are scheduled to be complete by 2030.

20 Power Cost Adjustment is charged if the cost to supply the electricity needed for our customers exceeds projections. This adjustment is made in cases such as high fuel costs, higher market pricing for electricity, or the load is higher than projected. This adjustment is based on your electric usage and varies each billing period. *In rare cases, this could result in a credit.*

RPU CHARGES: WATER

21 Water Usage Charge is the total metered water (Units) used during the current billing period. Each Unit of water equals 100 cubic feet or 748 gallons (1 Unit = 748 gallons). The rate structure is tiered to encourage water conservation. *The Water Usage Charge for commercial customers is the total metered water (Units) used during the current billing period but is not tiered.*

22 Water Customer Charge is a fixed charge for all residential customers regardless of water usage. This charge covers the cost to maintain water facilities and infrastructure. It also includes costs for meters, pipes, fittings, excavation tools and machinery, and account administration.

23 Fire Hydrant Facilities Charge is for the installation, maintenance, and availability of water for the City and other emergency services (e.g., fire department). All residential, commercial, and industrial water customers are impacted by the charge. It is based on the rate class, not the meter size. This charge is not taxed.

24 State Mandated Water Fee is required by the MN Department of Health and funds the required testing for drinking water. This fee is not taxed.

RPU CHARGES: PRODUCTS & SERVICES (if applicable)

25 Products & Services is the area where charges for additional offerings will appear such as our Service Assured® Underground Utility Repair Coverage Program and our Carbon Offset Program.

ROCHESTER PUBLIC WORKS CHARGES: WASTEWATER

26 Wastewater Usage Charge is how your wastewater charge is determined. For residential customers, the base rate for April–December is determined by your average water usage (Units) during the months of January, February, and March. If your actual water usage in any month of April–December is less than your base rate, you will be charged your actual usage. If you use more than your base rate, you will not be charged more than your base rate. *The Wastewater Usage Charge for commercial customers is based on actual water usage (Units).*

27 Wastewater Customer Charge is a fixed monthly charge per sanitary connection that covers the cost to maintain sewer facilities and infrastructure.

ROCHESTER PUBLIC WORKS CHARGES: STORMWATER

28 Stormwater Utility Fee collects funds from every developed residential and commercial property in the City of Rochester to support the Public Works Stormwater Management program. Each parcel of land is assigned a parcel identification number (PIN#). The fee is based on the parcel size, land use, and the amount of impervious (hard surface) area.

29 Stormwater Customer Charge is a monthly charge used exclusively to support the Public Works Stormwater Management program.
