

# THE BENEFITS OF BATTERY-POWERED LAWN EQUIPMENT

- **NO GAS = REDUCED MAINTENANCE**

Experience significantly less maintenance with no oil, clutch, throttle, belts, or gears. No spills to clean up and more money saved on fuel.

- **ADAPTABLE BATTERIES**

A perk of having battery-powered lawn equipment is that the different types of equipment can share batteries. You can get multiple tools from the same manufacturer that will be able to use the same batteries in all the tools. You will have to plan ahead if you want to do this though, as some companies offer different batteries and tools that are not all interchangeable.

- **CHARGE TIME**

The time it takes to recharge the battery will depend on the size. The larger it is, the more time it will need.

- **ZERO EMISSIONS**

Battery-powered lawn equipment does not emit exhaust, carbon monoxide, or unburned hydrocarbons.

- **QUIET**

Battery-powered lawn tools are quieter and lighter than gas tools, making them easier to use.

- **TOUGH AND RELIABLE**

Battery-powered lawn equipment is engineered the same and is just as tough and reliable as any standard gas-powered equipment.

- **EASIER TO START**

Battery-powered lawn tools do not have a pull cord, so they are much easier to start.

- **LONGER LIFE SPAN**

Battery-powered lawn tools have fewer moving parts than gas-powered tools, resulting in less wear and tear over time.

- **AVAILABLE AT VARIOUS PRICE POINTS**

Battery-powered lawn tools are available at various price points, offering you the flexibility to choose the best fit for your needs.

- **BATTERY OPTIONS**

When selecting a battery-powered tool, it's important to determine the amount of power you require. The voltage of the battery is an indicator of its power delivery capacity, so higher voltage means more power. Additionally, the Amp-hours of the battery can be matched with the size of your yard and the run time you need to find the appropriate equipment.

**Purchase qualifying battery-powered lawn equipment and apply for a rebate from RPU!**

**Chainsaw: \$10**

**Lawn Trimmer: \$10**

**Leaf Blower: \$10**
