

ARE YOU COVERED?

Repairs we see frequently are to water system angle stops¹ located inside your home, which cost up to \$400.

However, a water service line² repair or replacement can cost \$4,000 to \$8,000 – or more!

Make sure you're covered by RPU's Service Assured® program.

"What a relief! Very thankful that we had Service Assured® coverage. RPU just took care of everything. \$3 a month is a pretty nominal cost compared to the cost of replacing and digging up one of those [underground water] pipes."

– Richard Bennett

IS YOUR HOME PROTECTED?

Without **SERVICE ASSURED®**, you could get stuck paying thousands of dollars to repair your damaged underground water or electric services.

Did you know that as a Rochester homeowner, you own your water service and possibly your underground electric service?

Aging pipes, invasive tree roots, and seasonal changes are just a few examples of how normal wear and tear can cause a water or underground electric service to break. You can't prevent it. You can't predict it. Worst of all, most homeowner insurance policies do not cover repairing it, so you'll have to pay for it.

RPU's Service Assured® program can protect you from unexpected worries and costs caused by a broken water or underground electric service.

ELIGIBILITY*

Service Assured® is available to RPU customers living in single-family homes or single-owner duplexes. We also offer Service Assured® to some townhome

associations, individual twinhomes, and triplexes where each unit has its own service line. Call us at 507.280.1500 to determine if you qualify.

PRICING

The cost of this coverage is \$1.99 per service per month. Or pay only \$2.99 per month when you sign up to cover both your electric and water service.

ENROLLMENT

Visit www.rpu.org to review complete Terms and Conditions. You can enroll online, use the attached form, or call us at 507.280.1500 to request that an enrollment form be mailed to you.

- 4** Meter Socket (CUSTOMER OWNED)

* Some exclusions where coverage is not available include mobile homes, apartments, condominiums, and atypical configurations. Individual townhomes are not eligible for Service Assured® due to common property that is owned by the association. Contact us to see if your association is eligible for coverage. RPU customers own their underground electric service if it was installed or updated after January 1, 1981. Underground electric services installed before 1981 may be owned by RPU and is consequently RPU's responsibility to repair. Some services installed prior to 1981, by a company other than RPU, may also be customer owned. Pre-existing conditions must be repaired in order for you to be eligible for coverage. To determine if your home qualifies, call us at 507.280.1500. A pre-inspection of your water and/or electric service may be required before enrollment can be completed.
