Zumbro Valley Health Center Earns Meets Standards® Seal

Rochester, Minn. – Zumbro Valley Health Center recently received the Meets Standards® seal from the Charities Review Council, an independent reviewer focused on ensuring standards of accountability for non-profit organizations. This three-year certification was achieved by successfully completing Charities Review Council’s Accountability Wizard® review process.

“We are pleased to successfully complete this review for the third time,” said Chief Executive Officer Dave Cook, LICSW, MSW. “It’s a rigorous process that demonstrates our sincere commitment to meeting the high standards current and prospective donors have for our organization.”

The review process examined four key areas: public disclosure, governance, financial activity and fundraising. By successfully completing the review, the council recognizes that Zumbro Valley Health Center’s policies and procedures are aligned with accepted standards of accountability. By participating in this review, the organization demonstrates responsibility, integrity and transparency to donors as well as the general public.
